Un-American Dreams J. Jesse Ramírez,2022-04-15 After the end the world will be un American This speculation forms the nucleus of Un American Dreams a study of US apocalyptic science fiction and the cultural politics of disimagined community in the short century of American superpower 1945 2001 Between the atomic attacks on Hiroshima and Nagasaki which helped to transform the United States into a superpower and initiated the Cold War and the terrorist attacks on the World Trade Center and the Pentagon which spelled the Cold War s second death and inaugurated the War on Terror apocalyptic science fiction returned again and again to the scene of America s negation During the American Century to imagine yourself as American and as a participant in a shared national culture meant disimagining the most powerful nation on the planet Un American Dreams illuminates how George R Stewart Philip K Dick George A Romero Octavia Butler and Roland Emmerich represented the impossibility of reforming American society and used figures of the end of the world as speculative pretexts to imagine the utopian possibilities of an un American world The American Century was simultaneously a closure of the path to utopia and an escape route into apocalyptic science fiction the underground into which figures of an alternative future could be smuggled

Minecraft, Second Edition Daniel Goldberg, Linus Larsson,2015-06-16 The incredible tale of a little game that shook the international gaming world now with new material including a behind the scenes look at the sale to Microsoft For this second edition the story has been enriched with more Minecraft than ever a new section describes Minecraft s sale to Microsoft Notch s less than heartwarming last day in the office and Mojang s final days of independence His whole life all Markus Persson wanted to do was create his own games Create his own games and get rich Then in 2009 a strange little project of his quickly grew into a worldwide phenomenon and in just a few short years turned its maker into an international icon Minecraft The Unlikely Tale of Markus Notch Persson and the Game that Changed Everything is a Cinderella story for the Internet age improbable success fast money and the power of digital technology to shake up a rock solid industry It s a story about being lost and finding your way of breaking the rules and swimming against the current It s about how the indie gaming scene rattled the foundations of corporate empires But above all this is the story of how a creative genius chased down a crazy dream the evolution of a shy amateur programmer into a video game god
