**Invisible Migrant Nightworkers in 24/7 London** Julius-Cezar MacQuarie, 2023-08-30 This book captures the hidden labour of migrant nightworkers in 24/7 London It argues that late capitalism normalises nightwork yet refuses to recognise the associated problems from lack of decent working conditions to the seizure of the workers' private time for self-development family and social life The book shows how the articulation of nightworkers' subjectivities and socialities happens at the intersection between migration precarity and nightwork and traces how each of these dimensions magnifies the lived experience of the others It further reveals that any possibilities for cooperation or solidarity in the workplace between migrant nightworkers become fragile and secondary to their survival of the nightshift It also elucidates the mechanisms that hinder cohesion between vulnerable groups placed temporally and socially on a different par to the mainstream societies As such this book is an excellent resource for labour regulators experts and student researchers in migration work and gender The book offers a deeply empathic and engaging portrayal of the production of disciplined and exploitable manual labor in permanent nightshift cities It cogently unpacks the experiences of embodied precarity through the largely unseen micro-practices of workplaces that entrap migrant laborers The nightnographic component adds an original dimension to the inquiry Violetta Zentai Central European University      **Dead of Night** ,      Tuesday Night Massacre Marc C. Johnson, 2021-02-25 While political history has plenty to say about the impact of Ronald Reagan's election to the presidency in 1980 four Senate races that same year have garnered far less attention despite their similarly profound political effect Tuesday Night Massacre looks at those races In examining the defeat in 1980 of Idaho's Frank Church South Dakota's George McGovern John Culver of Iowa and Birch Bayh of Indiana Marc C Johnson tells the story of the beginnings of the

divisive partisanship that has become a constant feature of American politics The turnover of these seats not only allowed Republicans to gain control of the Senate for the first time since 1954 but also fundamentally altered the conduct of American politics The incumbents were politicians of national reputation who often worked with members of the other party to accomplish significant legislative objectives but they were Johnson suggests unprepared and ill equipped to counter nakedly negative emotional appeals to the politically passive voter Such was the campaign of the National Conservative Political Action Committee NCPAC the organization founded by several young conservative political activists who targeted these four senators for defeat Johnson describes how such groups amassing a great amount of money could make outrageous and devastating claims about incumbents baby killers who were soft on communism for example on behalf of a candidate who remained above the fray Among the key players in this sordid drama are NCPAC chairman Terry Dolan Washington lobbyist Charles Black a top GOP advisor to several presidential campaigns and one time business partner of Paul Manafort and Roger Stone self described dirty trickster for Richard Nixon and confidant of Donald Trump Connecting the dots between the Goldwater era of the 1960s and the ascent of Trump Tuesday Night Massacre charts the radicalization of the Republican Party and the rise of the independent expenditure campaign with its divisive negative techniques a change that has deeply and perhaps permanently warped the culture of bipartisanship that once prevailed in American politics **The Night**
