VYAS, YOGESH L. PATEL, 2015-09-17 English Language Teaching (ELT), especially English as a Second Language (ESL) and English as a Foreign Language (EFL), has been witnessing unprecedented changes in curriculum, teaching methodology, and the application of learning theories. This has created a demand for teachers who can teach English to learners of varied cultural, socio-economic, and psychological backgrounds. The book, in its second edition, continues to discuss the modern trends, innovations, as well as the difficulties and challenges in teaching and learning ESL in a non-native context. The book, with contributions from many experts, each specializing in a particular field from countries such as UK, USA, Australia, New Zealand, India, Nigeria, Sri Lanka, China, and Japan, provides new methods, strategies, and application-oriented solutions to overcome the problems in a practical way. The book deals with all topics pertinent to English as a Second Language or English for the non-native speakers, and these are further reinforced by a large number of examples and quotations from different sources. The new edition comes along with thoroughly improvised chapters on Narrative Inquiry for Teacher Development (Chapter 13) and Mass Media Language Attitudes and Language Interaction Phenomena (Chapter 23) to provide an insight on the innovative approaches in teacher training and in classrooms, and new approaches and changing language dimensions in the world of media and, in general. What distinguishes the text is its focus on modern innovations and use of technology in ELT. CLT, Communicative Language Teaching, Postgraduate Students of English, teachers, teacher trainees, B.Ed., M.A. Education, M.Ed., and teacher educators who are concerned with teaching English as a Second Language (ESL) should find this book immensely helpful. **Cinema in Practice: From Script to Screen - A Complete Guide to Creating Your Film** Reginaldo Osnildo, Cinema has always held a unique fascination for people.
