Vol. 26: Medium-Format Photography: Getting Started Shawn M. Tomlinson, 2018-12-14 Simply put medium format photography is quite a bit more complex than shooting with 35mm film SLRs or 35mm style DSLRs It takes a bit more skill and experience to handle medium format cameras Not only do you need to learn to think differently about how you shoot but you also have a whole new type of equipment to learn Medium format cameras produce bigger images which allows for more detail and greater enlargement And because they in general were designed for professional photographers the lenses tend to be of better quality than most 35mm lenses which also adds to the detail in the images In this book we ll take a look at

medium format SLRs and TLRs and we'll even touch upon some other types We'll also consider a few lenses although these largely are a matter of choice And there are far fewer choices for medium format cameras than for other types Time to do some weight training and heft those medium format cameras and lenses into position Let's go Photo Equipment Buying Guide, 1979 Zirlinson Publishing: 35 Years 1983-2018: A History in Cover Art Shawn M. Tomlinson, 2018-12-16 It has been a long strange road and probably has no end clearly in sight Many more books are in the works as I write this in early December 2018 For example I have published nine novels to date and am writing nine more with plans for some beyond that The Shawn M Tomlinson's Guide to Photography series has 29 titles in print with another five or six nearly complete and plans for 30 to 40 more I'm also trying to rework and rearrange those books into omnibus editions by chronology and by theme I never will get every book done I want to do but it keeps me busy I always planned on putting out a catalog of all the Zirlinson Books but kept getting waylaid for one reason or another until now This catalog is available as a print book in color The color print book will be cost prohibitive for many people so there likely will be a black and white version available too

wary ye who Sorry Just wanted to warn you up front that some of these stories don t have conclusions Most of them do but some I just never could finish Oh yeah and some of them are parts of series that are here published alone because I just was unable to find the other stories I swore when I was young that that would never happen to me It did I m dealing with it The reason that such stories those without endings and those for which there are other connected stories is that well I m getting old I wanted to collect the majority of my writings before I m dead Some of these are very early stories The earliest I believe is Counterterrorist Yes the main character s name is Jack but it was written many years decades before Jack Bauer counterterrorist made it to TV in 24 That should be obvious but I thought I d mention it Just try to enjoy the stories Tales Vol. 5: In the Time of the King Shawn M. Tomlinson,2018-06-10 Outside was crazy The thick coming storm weighed me down It could come any minute thunderous hurricane rain followed by all kinds of hell I dashed across the lawn into The Lab and up the stairs The bookcase was locked Most of our books anyone can look at Some we don t think would be wise to let out I fumbled the key chain looking for the tiny key that could open the door I managed to get it near the keyhole when the electricity died Cara may curse my pipe but right then I think she d have been glad I had a lighter The lighter helped me
