## UTOPIA - HIGH LEVEL CRITICAL REASONING TEST

### OVERVIEW

Utopia is a high-level aptitude test series designed for top level managers and graduates. Utopia comprises verbal, numerical, and abstract critical-reasoning assessments. It provides rigorous psychometric assessments of ability with outstanding candidate friendliness. It is delivered by our Coast online psychometrics platform with paper & pencil equivalents also available.

Both the verbal and numerical tests relate to reference material in the form of Media Packs for an environmental magazine ('Utopia'). Both have been designed to be interesting, topical, upbeat and easy to relate to, with no prior knowledge of environmental issues or the media required.

### WHAT IT DOES

#### Utopia Verbal Test:

- Measures verbal critical reasoning, requiring candidates to comprehend and evaluate meaning using precise logical thinking
- Reference material - includes information about the magazine, its publisher, and some sample articles from the magazine
- Candidates asked to refer to this information to evaluate whether given statements are true, false or impossible to say

#### Utopia Numerical Test:

- Measures high-level numerical reasoning, requiring candidates to analyse and manipulate numerical data
- Reference Material - includes circulation figures, cover prices, advertising rates and results from a readership survey
- Multiple-choice answer format
- Candidates may use a pocket calculator during the test

#### Utopia Abstract Test:

- Measures high-level abstract reasoning, requiring candidates to work out the rules or laws from a series of diagrams
- Multiple choice format
- Candidates asked to refer to a set of diagrams and then indicate the next one in the sequence
