Philosophy Velasquez Edition 1:

Ways of Being in the World Andrea Sullivan-Clarke, 2023-08-22 *Ways of Being in the World* is an anthology of the Indigenous philosophical thought of communities across Turtle Island offering readings on a variety of topics spanning many times and geographic locations It was created especially to meet the needs of instructors who want to add Indigenous philosophy to their courses but are unsure where to begin as well as for students Indigenous or otherwise who wish to broaden their horizons with materials not found in the typical philosophy course This collection is an invitation to embark on a relationship with Indigenous peoples through the introduction of their unique philosophies **Philosophy** ,2016

Organizations as Wrongdoers Stephanie Collins, 2023-01-24 Organizations do moral wrong States pursue unjust wars businesses avoid tax charities misdirect funds Our social political and legal responses require guidance We need to know what we re responding to and how we should respond to it We need a metaphysical and moral theory of wrongful organizations This book provides a new such theory paying particular attention to questions that have been underexplored in existing debates These questions include where are organizations located as material objects in the natural world What s the metaphysical relation between organizations and their members Can organizations be blameworthy for attitudes and character traits as well as for actions What about feelings of guilt remorse and shame can organizations feel these emotions and why does this matter How and why are members implicated in organizations wrongs How should organizations reparative costs be apportioned among members The book provides provocative answers to these questions It argues that organizations are material objects with humans as material parts much like how a pizza is a material object with slices as material parts This picture helps us make sense of organizations blameworthiness including blame for organization level actions attitudes and character traits What s more organizations can experience moral self awareness a crucial component of guilt remorse and shame Members can be implicated in organizations actions in numerous ways and it is argued members level of implication should determine their share of organizations reparative burdens **American Book Publishing**

Record ,2005 **The Kpim of Social Order** George Uzoma Ukagba, Des O. Obi, Iks J. Nwankwor, 2013-02-08 Frequently overlooked in the search of knowing and acting wisely are some important philosophical and cultural ideas and questions The Kpim of Social Order boldly captures such ideas and questions for awareness through critical thinking The current volume in the Kpim Book Series makes the point that for a systematic analysis and significance of Social Order to be attained we need to ask What is the Kpim or central core of Social Order of things Where does the deepest layer notion symbolism reality and application of social order programs human rights institutions communities diplomacy uprising social asset social power policy action inter culturalism global forces and all else lie How can we reach and understand the innermost part of Social Order in the modern world By gathering articles from seasoned experienced and emerged scholars from various backgrounds the book explores deep rooted questions touching on African context and related societies The refreshing perspectives

analyses deep reflections vigorous arguments and representations shown by the essays are distinctive and have been referred to as a comprehensive reader in the season of inquiry meaning and significance of social order in the contemporary time This is a book no one should ignore Students scholars researchers universities colleges educationists institutions policy makers governments legislatures agencies labour unions civil society organizations occupy movements religious groups entrepreneurs and the general public will find this book as an asset and a must read The Kpim of Social Order is therefore written out of the critical need to fill the gap for a decisive knowledge society in the modern world The Kpim of Feminism Uzoma Ukagba George Uzoma Ukagba, George Uzoma Ukagba, 2010-02 The idea behind The Kpim of Feminism was rooted in the mind of Fada Iroegbu in 2004 following a friendly but heated argument he had with Mrs Wioletta Ukagba the wife of one of the current co editors of this book who challenged Fada Iroegbu to direct his sharp brain and pen to the defence of women especially the Nigeria women who were and still are passing through various kinds of trans valuation of values economic exploitation cultural and scientific manipulations political marginalization and irredentism and various shades of sexualisation harassment exploitation and commercialization Fada Iroegbu took up this challenge to kpimize womanhood but unfortunately was unable to completely realise his dream before death struck As it is with many great and indefatigable minds or thinkers who left behind unfinished works we his friends family interlocutors well wishers men and women of good will have come together to actualize one of his felt knowledge dreams The fight for equality between women and men can sometimes not only be exaggerated but also plunged in controversy we cannot fathom The search for the truth about the relationship that ought to exist between male and female should constitute The Kpim of Feminism Dr George Uzoma Ukagba Editor University of Benin In light of the word feminism conjuring up different images to different people The Kpim of Feminism reflects the sensitivity and objectivity to the concept of feminism by scholars drawing from their fields and life experiences The book insists that women and men be encouraged to emancipate and empower one another together Dr Obioma Des Obi Editor Imo State University The Kpim of Feminism a rare harvest of academic erudition from across the globe showcases the different modalities from which issues theories and debates on feminism and other gender related polemics past present and future could be considered Dr Iks J Nwankwor Editor University of Uyo Without mincing words this book is a welcome intellectual assembly and has come out at the right time with deep critical insights and values for students researchers and public and policy issues in both local and global prospects Patrick Iroegbu Ph D The Kpim Book Project Series Coordinator Father Pantaleon Iroegbu Foundation Grant MacEwan University **The Moral Responsibility of Firms** Eric W. Orts, N. Craig Smith, 2017 This book examines whether firms as organizations can be considered morally responsible for their actions This question has profound practical implications as well as theoretical significance not least when we are today so frequently confronted with misconduct in business **The Creature** Kameron Price, 2012-01-01 This is a personal philosophy of an observer of the human condition It s a piece of futurism and a bit quixotic Permeating these

pages are nullifications of human facets and mannerisms such as religion history art science and culture Such facts ideas and concepts have been synthesized from the archives of humanity to impart a thought provoking read The aim of this work is to revamp traditional thoughts along with the daily mindset of the every person **Telecourse for the Examined Life**

Velasquez,2004-07 This essential resource helps students synthesize and evaluate information and gauge their progress through The Examined Life Telecourse The guide offers stimulating and thought provoking support activities as well as self test questions and a glossary of terms **Proceedings and Addresses of the American Philosophical Association**

American Philosophical Association,2009 List of members in v 1 *Nārādīya dharmasāstra, or the institutes of Nārada* Julius Jolly,Nārada,1876 **Social Phenomenology** Eric Chelstrom,2013 Social Phenomenology brings together insights from the

tradition of phenomenology and recent discussions of collective intentionality In doing so it offers a unique account of how consciousness is formative of the social world That is how our thinking things to be so can in some cases actually make them so For instance that the money one uses day in and day out is worth something is not because of its physical characteristics but because we accept that those physical traits printed by the right institutions make it so The book argues for a position between atomism and collectivism That is the book denies there is any such thing as collective consciousness while also denying the atomic conception of subjects which views subjects as islands unto themselves free of relation to others

Johns Hopkins University Studies in Historical and Political Science Johns Hopkins University,1891 *The Student's Journal* ,1886 *Cumulated Index to the Books* ,1906 A world list of books in the English language **The Academy and Literature** ,1902 **The Routledge Handbook of Collective Responsibility** Saba Bazargan-Forward,Deborah

Tollefsen,2020-04-19 The Routledge Handbook of Collective Responsibility comprehensively addresses questions about who is responsible and how blame or praise should be attributed when human agents act together Such questions include Do individuals share responsibility for the outcome or are individuals responsible only for their contribution to the act Are individuals responsible for actions done by their group even when they don t contribute to the outcome Can a corporation or institution be held morally responsible apart from the responsibility of its members The Handbook s 35 chapters all appearing here for the first time and written by an international team of experts are organized into four parts Part I Foundations of Collective Responsibility Part II Theoretical Issues in Collective Responsibility Part III Domains of Collective Responsibility Part IV Applied Issues in Collective Responsibility Each part begins with a short introduction that provides an overview of issues and debates within that area and a brief summary of its chapters In addition a comprehensive index allows readers to better navigate the entirety of the volume s contents The result is the first major work in the field that serves as an instructional aid for those in advanced undergraduate courses and graduate seminars as well as a reference for scholars interested in learning more about collective responsibility Collectivity Kendy M. Hess,Violetta Ignieski,Tracy

Isaacs,2018-11-02 *Collectivity Ontology Ethics and Social Justice* brings new voices and new approaches to under developed

areas in the philosophical literature on collectives and collective action The essays in this volume introduce and explore a range of topics that fall under the more general concept of collectivity including collective ontology collective action collective obligation and collective responsibility A number of the chapters link collectivity directly to significant issues of social justice The volume addresses a variety of questions including the ontology and taxonomy of social groups and other collective entities ethical frameworks for understanding the nature and extent of individual and collective moral obligations and applications of these conceptual explorations to oppressive social practices like mass incarceration climate change and global poverty The essays draw on a variety of approaches and disciplines including feminist and continental approaches and work in legal theory and geography as well as more traditional philosophical contributions **The Fallacy of Corporate**

Moral Agency David Rönnegard,2015-05-12 It is uncontroversial that corporations are legal agents that can be held legally responsible but can corporations also be moral agents that are morally responsible Part one of this book explicates the most prominent theories of corporate moral agency and provides a detailed debunking of why corporate moral agency is a fallacy This implies that talk of corporate moral responsibilities beyond the mere metaphorical is essentially meaningless Part two takes the fallacy of corporate moral agency as its premise and spells out its implications It shows how prominent normative theories within Corporate Social Responsibility such as Stakeholder Theory and Social Contract Theory rest on an implicit assumption of corporate moral agency In this metaphysical respect such theories are untenable In order to provide a more robust metaphysical foundation for corporations the book explicates the development of the corporate legal form in the US and UK which displays how the corporation has come to have its current legal attributes This historical evolution shows that the corporation is a legal fiction created by the state in order to serve both public and private goals The normative implication for corporate accountability is that citizens of democratic states ought to primarily make calls for legal enactments in order to hold the corporate legal instruments accountable to their preferences **ICSTIAMI 2019** Tulus
