**Language Arts in Asia** Christina DeCoursey,2012-01-17 This volume is the first of a series contributing to the academic study of Language Arts as an English language teaching paradigm Language Arts has been widely used in native English speaking countries including Australia and New Zealand Its recent adoption into the second language teaching curriculum in Hong Kong as well as similar initiatives within secondary and tertiary education in mainland China enhances its interest to scholars studying second language teaching and learning in Asian contexts This book offers many papers and discussions of interest to teachers language professionals scholars and administrators Its chapters explore current topics in Language Arts research including trends in the rapprochement of stylistics and linguistics teaching approaches and learning outcomes At the same time they offer diverse theoretical and methodological approaches of interest to the practitioner and policy maker as well as

the researcher The value of this volume lies particularly in strengthening the theoretical and methodological foundations of Language Arts The use of literature and the arts in humanist education has a long history within Europe being traditionally appreciated for its ability to transform leaders instill finer sensibilities and question social ills In its postcolonial incarnations as the traditional subject areas were informed by critical and linguistic theories language arts subject areas were less often used as they were understood to offer opportunities to analyse their functions as apology for leaders coopting the young and pacifying dissent but less often used to teach second language skills Language Arts curricula arising since the 1980s have increasingly embraced authentic voices styles and genres Contemporary Language Arts curricula use literature to teach reading based and communication skills in conjunction with critical and creative thinking The movement of English language education beyond native English shores has placed Language Arts into a World Englishes frame and therefore its curricula have included the teaching ethics civics and intercultural sensitivity The explosion of media and digital communications of the 1990s led to the adoption of media literacy as a crucial Language Arts skill As digital innovations continue to impact the teaching of English Language Arts has adopted multiliteracies These developments are represented in the papers included in this volume

*Inscrutable Belongings* Stephen Hong Sohn, 2018-07-17 *Inscrutable Belongings* brings together formalist and contextual modes of critique to consider narrative strategies that emerge in queer Asian North American literature Stephen Hong Sohn provides extended readings of fictions involving queer Asian North American storytellers looking to texts including Russell Leong's *Camouflage* Lydia Kwa's *Pulse* Alexander Chee's *Edinburgh* Nina Revoyr's *Wingshooters* and No 1 Alunit's *Letters to Montgomery Clift* Despite many antagonistic forces these works protagonists achieve a revolutionary form of narrative centrality through the defiant act of speaking out recounting their survival plots and enduring to the very last page These feats are made possible through their construction of alternative social structures Sohn calls *inscrutable belongings* Collectively the texts that Sohn examines bring to mind foundational struggles for queer Asian North Americans and other socially marginalized groups and confront a broad range of issues including interracial desire the AIDS HIV epidemic transnational mobility and postcolonial trauma In these texts Asian North American queer people are often excluded from normative family structures and must contend with multiple histories of oppression erasure and physical violence involving homophobia racism and social death Sohn's work makes clear that for such writers and their imagined communities questions of survival kinship and narrative development are more than representational they are directly tied to lived experience

Peter M. Jamero, Sr., 2011-09-01 I may have been like other boys but there was a major difference my family included 80 to 100 single young men residing in a Filipino farm labor camp It was as a campo boy that I first learned of my ancestral roots and the sometimes tortuous path that Filipinos took in sailing halfway around the world to the promise that was America It was as a campo boy that I first learned the values of family community hard work and education As a campo boy I also began to see the two faces of America a place where Filipinos were at once welcomed and excluded were considered equal and were discriminated against It was a place where the values of fairness and freedom often fell short when Filipinos put them to the test Peter Jamero Peter Jamero s story of hardship and success illuminates the experience of what he calls the bridge generation the American born children of the Filipinos recruited as farm workers in the 1920s and 30s Their experiences span the gap between these early immigrants and those Filipinos who owe their U S residency to the liberalization of immigration laws in 1965 His book is a sequel of sorts to Carlos Bulosan s *America Is in the Heart* with themes of heartbreaking struggle against racism and poverty and eventual triumph Jamero describes his early life in a farm labor camp in Livingston California and the path that took him through naval service and graduate school far beyond Livingston A longtime community activist and civic leader Jamero describes decades of toil and progress before the Filipino community entered the sociopolitical mainstream He shares a wealth of anecdotes and reflections from his career as an executive of health and human service programs in Sacramento Washington D C Seattle and San Francisco **Asians in Colorado**

William Wei, 2016-04-01 Providing the most comprehensive examination to date of Asians in the Centennial State William Wei addresses a wide range of experiences from anti Chinese riots in late nineteenth century Denver to the World War II incarceration of Japanese Americans at the Amache concentration camp to the more recent influx of Southeast Asian refugees and South Asian tech professionals Drawing on a wealth of historical sources Wei reconstructs what life was like for the early Chinese and Japanese pioneers and he pays special attention to the different challenges faced by those in urban versus rural areas The result is a groundbreaking approach that helps us better understand how Asians survived and thrived in an often hostile environment Offering a fresh perspective on how cycles of persecution are repeated Wei reveals how the treatment of Asian Americans resonates with the experiences of other marginalized groups in American society His study sheds light not only on the Asian American experience but also on the development of Colorado and the greater American West *Nisei Soldiers Break Their Silence* Linda Tamura, 2012-12-15 *Nisei Soldiers Break Their Silence* is a compelling story of courage community endurance and reparation It shares the experiences of Japanese Americans Nisei who served in the U S Army during World War II fighting on the front lines in Italy and France serving as linguists in the South Pacific and working as cooks and medics The soldiers were from Hood River Oregon where their families were landowners and fruit

growers Town leaders including veterans groups attempted to prevent their return after the war and stripped their names from the local war memorial All of the soldiers were American citizens but their parents were Japanese immigrants and had been imprisoned in camps as a consequence of Executive Order 9066 The racist homecoming that the Hood River Japanese American soldiers received was decried across the nation Linda Tamura who grew up in Hood River and whose father was a veteran of the war conducted extensive oral histories with the veterans their families and members of the community She had access to hundreds of recently uncovered letters and documents from private files of a local veterans group that led the campaign against the Japanese American soldiers This book also includes the little known story of local Nisei veterans who spent 40 years appealing their convictions for insubordination Watch the book trailer <http://www.youtube.com/watch?v=hHMcFdmixLk> [Short Story Index](#) ,2001
