A Short History of British Colonial Policy Hugh Edward Egerton, 2018-05-08 This volume discusses a short history of British Colonial policy With all its faults the book represents much reading and some thought In writing what is to some extent a history of opinion it has been impossible altogether to suppress my own individual opinions I trust however that I have not seemed to attach importance to them In dealing with the later periods I remembered Sir Walter Raleigh's remark on the fate which awaits the treatment of contemporary history but obscurity may claim its compensations and atleast I am not conscious of having written under the bias of personal or party prejudice A Comprehensive Persian-English Dictionary Francis Steingass, 1992 The World S Most Detailed and Comprehensive Persian English Dictionary **Forbidden Prayer** Giorgio Caravale, 2016-04-22 This book delineates the attempt carried out by the Congregations of the Inquisition and the Index during the sixteenth and early seventeenth century to purge various devotional texts in the Italian vernacular of heterodox beliefs and superstitious elements while imposing a rigid uniformity in liturgical and devotional practices The first part of the book is focused on Rome s anxious activity toward the infiltration of Protestant ideas in vernacular treatises on prayer meant for mass consumption It next explores how only in the second half of the sixteenth century once Rome s main preoccupation toward Protestant expansion had subsided the Church could begin thinking about a move from a rejection of any consideration of the merits of interior prayer to a recovery and acceptance of mental prayer The final section is dedicated to the primary objective of the Church's actions in purging superstitious practices which was not simply the renewal of the spiritual life of the faithful but also the control of the religious and social life of many faithful who were uneducated Based on a careful examination of the archival records of the two Roman dicasteri in question many of which have only been accessible to scholars since 1998 as well as a close reading of the many of suspect devotional texts themselves this book offers a fascinating contribution towards a fuller appreciation of the complex landscape that characterized the spiritual realities of early modern Italy **A Comprehensive Persian-English Dictionary** Francis Steingass, John Richardson, Francis Johnson, 1892 The Our'an with Annotated Interpretation in Modern English Ali Ünal, 2008 A timely addition to the literature on the holy book of Islam this translation provides both the original Arabic verse as well as extensive explanations and interpretations in modern English Additional commentary is offered on the social and historical aspects of Islam as well as the existence and unity of God the concept of resurrection and other theological complexities Several special glossaries detailing the names of God and Qur an vocabulary are also included **Proposed** Constitutional Amendment to Permit Voluntary Prayer United States.
