Taking the Mountain of Education Nancy Huff, 1914-09 Taking the Mountain of Education is a strategic prayer guide for those who want to change America s educational system for God Throughout this country s history significant events took place that placed our public school instruction deep into the throws of humanism While there were many unsound decisions

ten are of particular importance Until now those entry points have gone uncontested mainly because they have been unidentified But today they are revealed so believers can pray and redeem our children s destiny and ultimately our country s future America s schools need help Every day the violence runs like a ticker tape on our news outlets of murders of teachers by students murders of students by students rape by teachers violence in the classroom etc There seems to be no end and nothing that can be done about the quandary in which we find ourselves Test scores may edge up a bit but then plummet especially in low income areas Do we need more money to provide improved classrooms higher qualified teachers well trained security staff None of the above will give us the help we need Neither will new programs that each new administration proposes help our educational woes Those who pray know that when a person cannot grasp help no matter how many lifelines are thrown to him the answer is not in another lifeline The answer lies in identifying the enemy s entry points strategic prayer at those entry points and prophetic declarations The answer comes when the root causes of destruction over that person is identified and confronted Join those who will pray all over America us as we embark on a prayer adventure to see God s Educational Reformation
