Salafism In Lebanon:

Salafism in Lebanon Zoltan Pall, 2018-04-05 Examines the entrenchment of Salafism in Lebanese society while also highlighting the movement's transnational links to the Persian Gulf Salafism in Lebanon Robert Rabil, 2014-10-24 Salafism comprised of fundamentalist Islamic movements whose adherents consider themselves the only saved sect of Islam has been little studied remains shrouded in misconceptions and has provoked new interest as Salafists have recently staked a claim to power in some Arab states while spearheading battles against infidel Arab regimes during recent rebellions in the Arab world Robert G Rabil examines the emergence and development of Salafism into a prominent religious movement in Lebanon including the ideological and sociopolitical foundation that led to the three different schools of Salafism in Lebanon quietist Salafists Haraki active Salafists and Salafi Jihadists Emphasizing their manhaj methodology toward politics the author surveys Salafists ideological transformation from opponents to supporters of political engagement Their antagonism to Hezbollah which they denounce as the party of Satan has risen exponentially following the party's seizure of Beirut in 2008 and support of the tyrannical Syrian regime Salafism in Lebanon also demonstrates how activists and jihadi Salafists in response to the political weakness of Sunni leadership have threatened regional and international security by endorsing violence and jihad Drawing on field research trips personal interviews and Arabic primary sources the book explores the relationship between the ideologies of the various schools of Salafism and their praxis in relation to Lebanese politics The book should interest students and scholars of Islamic movements international affairs politics and religion and radical groups and terrorism **Salafism in Lebanon** Zoltan Pall, 2018-04-05 The past two decades have seen an increasing association between Lebanese Salafism and violence with less attention being paid to Salafis who focus on peaceful proselytization In reality it is these Salafis whose influence has dramatically grown since the eruption of the Syrian conflict that profoundly affected Lebanon as well Based on extensive fieldwork Zoltan Pall offers insights into the dynamics of non violent Lebanese Salafi groups and examines the importance of transnational links in shaping the trajectory of the movement In particular he shows how the internal transformation of Salafism in Kuwait Qatar and Saudi Arabia led to the fragmentation of the Lebanese Salafi community By analysing Salafism as a network we see how the movement creates and mobilizes material and symbolic resources and how it contributes to reshaping the structures of authority within the country's Sunni Muslim community Lebanese Salafis Between the Gulf and Europe Zoltan Pall, 2013-01-31 Salafism is one of the most dynamic and rapidly growing Islamic movements and it is impossible to understand contemporary Islam without taking account of it The movement has reached almost every corner of the Muslim world and its transnational networks span the globe Despite the importance of Salafism scholars have only recently begun to pay serious attention to the movement and while the body of literature on Salafism is growing there are still many lacunae The Lebanese context adopted by the author of this important study provides an excellent opportunity to explore the dynamics of the Salafi movement worldwide **The Syrian Refugee**

Crisis in Lebanon Robert G. Rabil, 2016-07-29 This book examines the unfolding of the Syrian refugee crisis in relation to the spillover of the Syrian civil war in Lebanon and against the background of Lebanon Syria relations and Lebanon's socio-political cultural legal and economic conditions It surveys Lebanon's response plans to the refugee crisis as part of the development of the international response plans to address the protection and needs of the Syrian refugees and Palestinian refugees from Syria as well as the impacted host communities and institutions At the same time this book emphasizes the dramatic shift in popular and institutional attitudes towards the refugees as a response to and as a growth of the sheer magnitude of the refugee crisis which made Lebanon the only country in modern history with the highest per capita concentration of refugees in the world By examining these attitudes against the background of achievements and failures of the response plans the impact of the crisis on state institutions on the local and national levels and the collective consciousness of a nation barely surviving the scars of its civil war this book not only underscores the deepening tragedy of Syrian and Palestinian refugees in Lebanon but also the consequential tragedy of many Lebanese who have been forced into poverty and whose livelihoods have been affected by insecurity and the almost complete collapse of social services As a result the tragedy of the Syrian refugee crisis has become an international crisis affecting vulnerable persons across nationalities and unless it is addressed diplomatically and its response plans sufficiently funded the tragedy will only deepen across continents
