President's Commission on Law Enforcement and Administration of Justice, 1967 **Desert Visions and the Making of Phoenix, 1860-2009** Philip VanderMeer, 2010-12-16 Whether touted for its burgeoning economy affordable housing and pleasant living style or criticized for being less like a city than a sprawling suburb Phoenix by all environmental logic should not exist Yet despite its extremely hot and dry climate and its remoteness Phoenix has grown into a massive metropolitan area This exhaustive study examines the history of how Phoenix came into being and how it has sustained itself from its origins in the 1860s to its present status as the nation's fifth largest city From the beginning Phoenix sought to grow and although growth has remained central to the city's history its importance meaning and value have changed substantially over the years The initial vision of Phoenix as an American Eden gave way to the Cold War Era vision of a High Tech Suburbia which in turn gave way to rising concerns in the late twentieth century about the environmental social and political costs of growth To understand how such unusual growth occurred in such an improbable location Philip VanderMeer explores five major themes the natural environment urban infrastructure economic development social and cultural values and public leadership Through investigating Phoenix's struggle to become a major American metropolis his study also offers a unique view of what it means to be a desert city Crime in Arizona, 1982 **Under the Rule of Thumb** United States Commission on Civil Rights, 1982 **Modernizing Crime Statistics: Report 2** National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Committee on Law and Justice, Committee on National Statistics, Panel on Modernizing the Nation's Crime Statistics, 2018-05-23 To derive statistics about crime to estimate its levels and trends assess its costs to and impacts on society and inform law enforcement approaches to prevent it a conceptual framework for defining and thinking about crime is virtually a prerequisite Developing and maintaining such a framework is no easy task because the mechanics of crime are ever evolving and shifting tied to shifts and development in technology society and legislation Interest in understanding crime surged in the 1920s which proved to be a pivotal decade for the collection of nationwide crime statistics Now established as a permanent agency the Census Bureau commissioned the drafting of a manual for preparing crime statistics intended for use by the police corrections departments and courts alike The new manual sought to solve a perennial problem by suggesting a standard taxonomy of crime Shortly after the Census Bureau issued its manual the International Association of Chiefs of Police in convention adopted a resolution to create a Committee on Uniform Crime Records to begin the process of describing what a national system of data on crimes known to the police might look like Report 1 performed a comprehensive reassessment of what is meant by crime in U S crime statistics and recommends a new classification of crime to organize measurement

Gundur,2022-08-15 Trying to Make It is R V Gundur s journey from the US Mexico border to America s heartland from America s prisons to its streets in search of the true story of the drug trade and the people who participate in it The book begins in the Paso del Norte area encompassing the sister cities of Ciudad Ju rez and El Paso which has been in the public eye as calls for securing the border persist From there it moves on to Phoenix which was infamously associated with the drug trade through a series of kidnappings Finally the book goes on to Chicago which has been a lightning rod of criticism for its gangs and violence Gundur highlights the similarities and differences that exist in the American drug trade within the three sites and how they relate to current drug trade narratives in the US At each stop the reader is transported to the city s historical and contemporary contexts of the drug trade and introduced to the individuals who have lived them Drug retailers street and

prison gang members wholesalers and the law enforcement personnel who try to stop them offer readers a comprehensive look at how various illicit enterprises work together to supply the drugs that American users demand Most importantly through a combination of macro and microlevel vantage points and comparative analysis of three key sites in illicit drug operations the stories in *Trying to Make It* remind us that the people involved in the drug trade for the most part do not deserve vilification Far from being a seemingly uniform widespread threat or an unlimited array of bogeymen and women they are ordinary people living ordinary lives just trying to make it
