**Adoption in the Hebrew Bible** Ekaterina Kozlova,Cat Quine,2024-11-14 To remedy a scholarly lacuna on the study of adoption in the Hebrew Bible chapters in this volume examine this topic from a variety of perspectives including trauma transfers of children motives for adoption the performance of parenthood and studies of metaphor and practice Divided into three sections part one highlights the absence of specific adoption terminology and demonstrates the need for deeper considerations of methodological approaches and the categories we as modern readers bring to the texts Part two considers the practices and language that we do see around ancient adoptions and focuses on the actions and implications of transferring children or parentage Finally part three focuses
