*Chopin in Britain* Peter Willis,2017-12-14 In 1848 the penultimate year of his life

Chopin visited England and Scotland at the instigation of his aristocratic Scots pupil Jane Stirling In the autumn of that year he returned to Paris The following autumn he was dead Despite the fascination the composer continues to hold for scholars

this brief but important period and his previous visit to London in 1837 remain little known In this richly illustrated study

Peter Willis draws on extensive original documentary evidence as well as cultural artefacts to tell the story of these two visits and to place them into aristocratic and artistic life in mid nineteenth century England and Scotland In addition to filling a

significant hole in our knowledge of the composer s life the book adds to our understanding of a number of important figures including Jane Stirling and the painter Ary Scheffer The social and artistic milieux of London Manchester Glasgow and

Edinburgh are brought to vivid life

**Ageing and Popular Culture** Andrew Blaikie,1999-03-04 As the grey market perpetuates the quest for eternal youth

the biological realities of deep old age are increasingly denied Ageing and Popular Culture traces the historical emergence of stereotypes of retirement and documents their recent demise arguing that although modernisation marginalisation and

medicalisation created rigid age classifications the rise of consumer culture has coincided with a postmodern broadening of options for those in the Third Age With an adroit use of photographs and other visual sources Andrew Blaikie demonstrates

that an expanded leisure phase is breaking down barriers between mid and later life At the same time positive ageing also

creates new imperatives and new norms with attendant forms of deviance While babyboomers may anticipate a fulfilling

retirement none relish decline Has deep old age replaced death as the taboo subject of the late twentieth century If so what

might be the consequences
