

ANNIVERSARY PRAYER FOR DIFFICULT TIMES

Dear Lord, thank you that we can come to the throne of grace with our needs and requests and you promise to hear and answer us. It's our anniversary but we're going through challenging times. I am grateful for the gift of marriage and ask you to give us hope and renew our strength through this season. Nothing is impossible with you Lord. Restore what's broken in our marriage and give us a fresh start. May we come out this season stronger and more united as a couple. Remove any roots of bitterness and resentment in our hearts and help us to stand united in fighting for our love. I cover our marriage with the blood of Jesus Christ and declare that whatever the enemy has planned against us will not succeed. I pray for abundance, the grace of God, times of joy, perseverance, and a long-lasting marriage. In Jesus' name. Amen.

McDowell, 2006 Markus McDowell examines how the literature of the Second Temple period portrays women at prayer through an examination of the literary context and character of those prayers The goal of this work is a greater understanding of how women were portrayed in literary sources and an offering of some fresh insights for the study of women's religious and social roles in the ancient world The texts are analyzed and categorized within five areas social location content form occasion and gender perspective The prayers are also compared and contrasted with men's prayers in the same sources The analysis includes locating as much as possible the historical literary and cultic context of each document in which these prayers appear By examining all prayers in these texts uttered by women not just prayers of named or prominent women and then comparing them with all the prayers of men in those same texts certain patterns appear This study adds to our knowledge of women and religion in Second Temple Judaism by primarily exploring patterns

that appear among the prayers in the literature of the Second Temple period While there are fewer prayers by women than men in this literature the prayers of women are not portrayed as significantly different from those of men in terms of social location content form or occasion At the same time the prayers of women exhibit other patterns of language and in a minor way form and occasion that differ from the prayers of men
