Zollars,2017-12-19 Excerpt from The Great Salvation I Every institution whether secular or religious has certain fundamental principles that determine its character and out of which everything connected with it of a practical nature naturally and necessarily springs In order to a clear and comprehensive view Of the system it is of the

utmost importance to Obtain a proper understanding of its great elementary fundamental principles These truths find strong confirmation when applied to the religion of the Lord Jesus Christ In order to a clear understanding of its character and an adequate conception of its practical applications and possible blessings a knowledge of certain fundamental matters called First Principles is imperative It is the purpose of this volume to give not perhaps an exhaustive but a somewhat comprehensive view of The First Principles of the Gospel of Christ beginning with a consideration of the recognized moral malady of sin thence passing Onward to a study of the divine remedy as revealed in the gospel thus tracing the path in the progress of the soul from the state of depravity even unto the blessed consummation of a perfect character or in other words considering the steps in the journey of man from the Paradise Lost to the Paradise Regained About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
