

A vintage, sepia-toned photograph of a man sitting in a high-backed chair on a sandy beach. He is looking through a large, complex telescope or surveying instrument mounted on a tripod. The instrument has a large circular lens at the top and various adjustment knobs and a horizontal arm. The man is wearing a light-colored, short-sleeved shirt and dark trousers. In the background, the ocean waves are visible. In the foreground, another person is partially visible, sitting on the sand and looking towards the camera. The overall scene suggests a historical or scientific observation from a coastal location.
