Dear Scholarship Committee,

My name is Denise Chiu, and I am a current undergraduate student at the University of California-Berkeley, pursuing a Bachelor of Arts in Computer Science with a double major in Conservation and Resource Studies. I came across your Elevate Women in Technology Scholarship on [careeronestop.org](https://careeronestop.org) and knew it would be the perfect opportunity to advance my goal of using technology to improve local conservation efforts.

During my two years at UC Berkeley, I have maintained a GPA above 3.75 and excelled in all of my classes. I'm also the president of the Berkeley Green Tech Club, where students brainstorm and collaborate, finding innovative ways to use technology to drive environmental awareness and action in the community.

I have been developing two apps toward this end, the first of which is complete:

- *Green Team SF* allows users to create, view, share, and schedule various environmental events in the area like beach clean-ups or bike-to-work days. The goal is to inspire community awareness, engagement, and action, resulting in a cleaner, greener city.
- *Trash to Treasure* (still in development) is inspired by thrift stores and gives users a platform to buy, sell, trade, or give away items they no longer need, with local chapters. The goal is to create a more sustainable and circular economy.

Receiving your scholarship would allow me to put more time, effort, and resources into creating tangible tools for the community, contributing to a healthier city and planet.

I would be honored to speak with you further about the opportunities that lie at the intersection of technology and sustainability, and all the projects I hope to tackle in the future. Thank you so much for your time and consideration.

Sincerely,

Denise Chiu

An Introduction to Womanist Biblical Interpretation provides a much needed introduction to womanist approaches to biblical interpretation. It argues that womanist biblical interpretation is not simply a byproduct of feminist biblical interpretation but part of a distinctive tradition of African American women's engagement with biblical texts. While womanist biblical interpretation is relatively new in the development of academic biblical studies, African American women are not newcomers to biblical interpretation. Written in an accessible style, this volume highlights the importance of both the Bible and race in the development of feminism and the emergence of womanism. It provides a history of feminist biblical interpretation and discusses the current state of womanist biblical interpretation as well as critical issues related to its development and future. Although some African American women identify themselves as womanists, the term's usage, its features, and its connection to feminism remain widely misunderstood. This excellent textbook is perfect for helping to introduce readers to the development and applications of womanist biblical interpretation.      How to Prepare for Interviews and Develop your Career Carol Forde-Johnston, 2020-04-02

In this classroom-tested approach to writing, Brock Dethier teaches readers how to analyze and write twenty-one genres that students are likely to encounter in college and beyond. This practical, student-friendly, task-oriented text confidently guides writers through step-by-step processes, reducing the anxiety commonly associated with writing tasks. In the first section, Dethier efficiently presents each genre, providing models, a description of the genre's purpose, context, and discourse, and suggestions for writing activities or moves that writers can use to get words on the page and accomplish their writing tasks. The second section explains these moves over two hundred of them in chapters ranging from Solve Your Process Problems and Discover to Revise and Present. Applicable to any writing task or genre, these moves help students overcome writing blocks and develop a piece of writing from the first glimmers of an idea to its presentation. This approach to managing the
