Revolutionary War Papers:

Family Records [and Several Revolutionary War Papers] Daughters of the American Revolution. Illinois Society. Chicago Chapter, Chicago, 1957 **The Papers of George Washington** George Washington, 2020 **Reporting the Revolution** Todd Andrlik, 2012-11

This is you are there history at its best Reporting the Revolutionary War lets us see and feel how events unfolded for the people who lived them American History For the colonists of the new world the years of the American Revolution were a time of upheaval and rebellion History boils it down to a few key events and has embodied it with a handful of legendary personalities But the reality of the time was that everyday people witnessed thousands of little moments blaze into an epic conflict for more than twenty years Now for the first time experience the sparks of revolution the way the colonists did in their very own town newspapers and broadsheets Reporting the Revolutionary War is a stunning collection of primary sources sprinkled with modern analysis from 37 historians Featuring Patriot and Loyalist eyewitness accounts from newspapers printed on both sides of the Atlantic readers will experience the revolution as it happened with the same immediacy and uncertainty of the colonists The American newspapers of the eighteenth century fanned the flames of rebellion igniting the ideas of patriotism and liberty among average citizens who had never before been so strongly united Within the papers you ll also read the private correspondence and battlefield letters of the rebels and patriots who grabbed the attention of each and every colonist and pushed them to fight for freedom and change From one of America s leading Revolutionary War newspaper archivists Todd Andrlik and guided by scores of historians and experts Reporting the Revolutionary War brings you into the homes of Americans and lets you see through their eyes the tinderbox of war as it explodes The story of the battle for independence unlike any version that has been told Military Review [Washington's Revolutionary War Generals](#) Stephen R. Taaffe, 2019-10-03

When the Revolutionary War began Congress established a national army and appointed George Washington its commander in chief Congress then took it upon itself to choose numerous subordinate generals to lead the army s various departments divisions and brigades How this worked out in the end is well known Less familiar however is how well Congress s choices worked out along the way Although historians have examined many of Washington s subordinates Washington s Revolutionary War Generals is the first book to look at these men in a collective integrated manner A thoroughgoing study of the Revolutionary War careers of the Continental Army s generals their experience performance and relationships with Washington and the Continental Congress this book provides an overview of the politics of command both within and outside the army and a unique perspective on how it affected Washington s prosecution of the war It is impossible to understand the outcome of the War for Independence without first examining America s military leadership author Stephen R Taaffe contends His description of Washington s generals who they were how they received their commissions and how they performed goes a long way toward explaining how these American officers who were short on experience and military genius prevailed over their professional British counterparts

Following these men through the war's most important battles and campaigns as well as its biggest controversies such as the Conway Cabal and the Newburgh Conspiracy Taaffe weaves a narrative in the grand tradition of military history Against this backdrop his depiction of the complexities and particulars of character and politics of military command provides a new understanding of George Washington the War for Independence and the U S military's earliest beginnings A unique combination of biography and institutional history shot through with political analysis this book is a thoughtful deeply researched and an eminently readable contribution to the literature of the Revolution August - October 1777 George Washington,2001 **Rolls And Documents Of The Soldiers In The Revolutionary War, And Miscellaneous**

over money with George dismissing as imaginary her fears of poverty and helplessness Yet Mary Ball Washington had a greater impact on George than mothers of that time and place usually had on their sons George did not have the wealth or freedom to enjoy the indulged adolescence typical of young men among the planter class Mary's demanding mothering imbued him with many of the moral and religious principles by which he lived The two were strikingly similar though the commanding demeanor persistence athleticism penny pinching and irascibility that they shared have served the memory of the country's father immeasurably better than that of his mother Martha Saxton's The Widow Washington is a necessary and deeply insightful corrective telling the story of Mary's long arduous life on its own terms and not treating her as her son's satellite

The Maryland 400 in the Battle of Long Island, 1776 Linda Davis Reno, 2008-01-01 This work chronicles the story of 400 young men who willingly and knowingly sacrificed themselves to save the Continental Army at the Battle of Long Island on August 27, 1776. Holding back 20,000 British and Hessian soldiers, they allowed their comrades to retreat and may have saved the Revolution from immediate defeat. This exhaustively researched account introduces the reader to the background of the battle and the stories of the individuals who fought that day and includes biographies with extensive quoted material in addition to a general historic overview.

Daughters of the American Revolution Magazine, 1928

The Papers of George Washington V. 8; Revolutionary War Series; January-March 1777 George Washington, 1998-12-29 Volume 8 of the Revolutionary War Series documents Washington's first winter at Morristown. Papers included reveal Washington's efforts to reorganize the Continental army whose numbers were dwindling and the commissary and clothier generals' departments to appoint a wagon master to establish and place a new foundry for casting cannon and to continue negotiating with the British on prisoner exchange.
