Adaptations in the Franchise Era Kyle Meikle, 2019-01-24 Adaptations in the Franchise Era re-evaluates adaptation's place in a popular culture marked by the movement of content and audiences across more media borders than ever before While adaptation has historically been understood as the transfer of stories from one medium to another more often than not from novel to film the growing interconnectedness of media and media industries in the early twenty first century raises new questions about the form and function of adaptation as both a product and a process Where does adaptation fit within massive franchises that span pages stages screens and theme parks Rising scholar Kyle Meikle illuminates adaptation's enduring and essential role in the rise of franchises in the 2000s and 2010s During that decade and a half adaptations set the foundation for multiplexed multiplied film series piloted streaming television's forays into original programming found their way into audiences' hands in apps and video games and went live in theatrical experiences on Broadway and beyond The proliferation of adaptations was matched only by a proliferation of adaptation as fans remixed and remade their favourite franchises online and off This volume considers how producers and consumers defined adaptations and how adaptations defined themselves through the endless intertextual play of the franchise era

Le clan Rhett Butler Donald McCaig, 2007 New Approaches to Gone With the Wind, 2015-12-14 Since its publication in 1936 *Gone with the Wind* has held a unique position in American cultural memory both for its particular vision of the American South in the age of the Civil War and for its often controversial portrayals of race gender and class *New Approaches to Gone with the Wind* offers neither apology nor rehabilitation for the novel and its Oscar winning film adaptation Instead the nine essays provide distinct compelling insights that challenge and complicate conventional associations Racial and sexual identity form a cornerstone of the collection Mark C. Jerne and Charlene Regester each examine Margaret Mitchell's reframing of traditional racial identities and the impact on audience sympathy and engagement Jessica Sims mines Mitchell's depiction of childbirth for what it reveals about changing ideas of femininity in a postplantation economy while Deborah Barker explores transgressive sexuality in the film version by comparing it to the depiction of rape in D. W. Griffith's earlier silent classic *Birth of a Nation* Other essays position the novel and film within the context of their legacy and their impact on national and international audiences Amy Clukey and James Crank inspect the reception of *Gone with the Wind* by Irish critics and gay communities respectively Daniel Cross Turner Keaghan Turner and Rich Richardson consider its aesthetic impact and mythology and the ways that contemporary writers and artists such as Natasha Trethewey and Kara Walker have engaged with the work Finally Helen Taylor sums up the pervading influence that *Gone with the Wind* continues to exert on audiences in both America and Britain Through an emphasis on intertextuality sexuality and questions of audience and identity these essayists deepen the ongoing conversation about the cultural impact and influence of this monumental work Flawed in many ways yet successful beyond its time *Gone with the Wind* remains a touchstone in southern studies

The Advocate, 2007-07 *Writing It Down for James* Kurt Brown, 1995-05-31 Sixteen lectures among the best delivered to small passionate audiences at the many writers conferences held each year are now for the first time available to a broader audience In *Writing It Down for James* the second in the *Writers on Life and Craft* series Pattiann Rogers uses science as a jumping off point for spirituality Stephen Corey finds imperfect translation to be a rich language of its own when it occurs in his infant daughter to be his Korean adoption papers and other writers tell about learning to read loving to travel and writing one's own story
