Rhodes University Prospectors 2016

Miles M. Evers, Eric Grynaviski

Rhodes University Prospectors 2016:

The Emerald Handbook of Sustainable Energy Transition and Social Justice Julius Omokhudu Irene, Bridget Nneka Irene, Kingsley Obi Omeihe, Regina Frank, 2025-09-08 The Emerald Handbook of Sustainable Energy Transition fosters a more profound understanding of research and discourse on sustainability across the Global South deconstructs the current thinking

Handbook on Green Growth Roger Fouquet, 2019 Economies around the world have arrived at a critical juncture to continue to grow fuelled by fossil fuels and exacerbate climate change or to move towards more sustainable greener growth Choosing the latter is shown to help address climate change as well as present new economic opportunities This Handbook provides a deeper understanding of the concept of green growth and highlights key lessons from the experience of green transformations across the world following a decade of ambitious stimulus packages and green reforms

Athens of the New South Mary Ellen Pethel, 2024-01-12 A diverse and vibrant collection of colleges and universities has always set Nashville apart from other southern cities I m excited to see Mary Ellen Pethel exploring the history of a force for good that continues to inspire and shape our city Meagan Barry Mayor of Nashville In 2013 the New York Times identified Nashville as America s it city a leading hub of music culture technology food and business But long before the Tennessee capital was known as the Athens of the South as a reflection of the city s reputation for and investment in its institutions of higher education which especially blossomed after the end of the Civil War and through the New South Era from 1865 to 1930 This wide ranging book chronicles the founding and growth of Nashville s institutions of higher education and their impressive impact on the city region and nation at large Local colleges and universities also heavily influenced Nashville s brand of modernity as evidenced by the construction of a Parthenon replica the centerpiece of the 1897 Centennial Exposition By the turn of the twentieth century Vanderbilt University had become one of the country s premier private schools while nearby Peabody College was a leading teacher training institution Nashville also became known as a center for the education of African Americans Fisk University joined the ranks of the nation s most prestigious black liberal arts universities while Meharry Medical College emerged as one of the country s few training centers for African American medical professionals Following the agricultural industrial model Tennessee A David Lipscomb College the instructional arm of the Church of Christ and Roger Williams University which trained black men and women as teachers and preachers made important contributions to the higher educational landscape In sum Nashville was distinguished not only by the quantity of its schools but by their quality Linking these institutions to the progressive and educational reforms of the era Mary Ellen Pethel also explores their impact in shaping Nashville s expansion on changing gender roles and on leisure activity in the city which included the rise and popularity of collegiate sports In her conclusion she shows that Nashville s present day reputation as a dynamic place to live learn and work is due in no small part to the role that higher education continues to play in the city s growth and development MARY ELLEN PETHEL is the archivist and a member of the Social Science

Department at Harpeth Hall School in Nashville At Belmont University also in Nashville Dr Pethel is a Global Leadership Studies Fellow and teaches in the Honors Department **Bridging the Gap** Suzanne McCray,Dana C. Kuchem,2019-07-23 Thousands of college students across the country apply each year for nationally and internationally competitive scholarships and grants Different awards target different interests career goals and student qualifications Advising students on how to choose the right award that will help launch them on their career path requires a nuanced understanding of scholarship opportunities Bridging the Gap Perspectives on Nationally Competitive Scholarships provides key information from scholarship foundations and seasoned advice from campus advisors critically important for the faculty and staff who support students applying for these awards This book will be a great resource for anyone advising students *Energy Innovation for the Twenty-First Century* Jim Skea,Renée van Diemen,Matthew Hannon,Evangelos Gazis,Aidan Rhodes,2019 This book addresses the question how effective are countries in promoting the innovation needed to facilitate an energy transition At the heart of the book is a set of empirical case studies covering supply and demand side technologies at different levels of maturity in a variety of countries The case studies are set within an analytical framework encompassing the functions of technological innovation systems and innovation metrics The book concludes with lessons and recommendations for effective policy intervention **Closing Sysco** Lachlan MacKinnon,2020-02-24 Closing Sysco presents a history of deindustrialization and working class resistance in the Cape Breton steel industry between 1945 and 2001 The Sydney Steel Works is at the heart of this story having existed in tandem with Cape Breton s larger coal operations since the early twentieth century The book explores the multifaceted nature of deindustrialization the internal politics of the steelworkers union the successful efforts to nationalize the mill in 1967 the years in transition under public ownership and the confrontations over health safety and environmental degradation in the 1990s and 2000s Closing Sysco moves beyond the moment of closure to trace the cultural historical and political ramifications of deindustrialization that continue to play out in post industrial Cape Breton Island A significant intervention into the international literature on deindustrialization this study pushes scholarship beyond the bounds of political economy and cultural change to begin tackling issues of bodily health environment and historical memory in post industrial places The experiences of the men and women who were displaced by the decline and closure of Sydney Steel are central to this book Featuring interviews with former steelworkers office employees managers politicians and community activists these one on one conversations reveal both the human cost of industrial closure and the lingering after effects of deindustrialization Vanguard Martha S. Jones,2020-09-08 The epic history of African American women s pursuit of political power and how it transformed America In the standard story the suffrage crusade began in Seneca Falls in 1848 and ended with the ratification of the Nineteenth Amendment in 1920 But this overwhelmingly white women s movement did not win the vote for most black women Securing their rights required a movement of their own In Vanguard acclaimed historian Martha S Jones offers a new history of African American women s political lives in America She recounts

how they defied both racism and sexism to fight for the ballot and how they wielded political power to secure the equality and dignity of all persons From the earliest days of the republic to the passage of the 1965 Voting Rights Act and beyond Jones excavates the lives and work of black women Maria Stewart Frances Ellen Watkins Harper Fannie Lou Hamer and more who were the vanguard of women s rights calling on America to realize its best ideals

The Oxford Handbook of Japanese Politics Robert Pekkanen, Saadia M. Pekkanen, 2021-10-25 Book Abstract and Keywords The study of Japanese politics has flourished over the past several decades This Handbook provides a state of the field overview for students and researchers of Japanese The volume also serves to introduce Japanese politics to readers less familiar with Japan In addition the volume has a theme of evaluating Japan s democracy Taken as a whole the volume provides a positive evaluation of the state of Japan s democracy The volume is divided into two parts roughly corresponding to domestic Japanese politics and Japan s international politics Within the domestic politics part there are four distinct sections Domestic Political Actors and Institutions covering the Japanese Constitution electoral systems prime minister Diet bureaucracy judiciary and local government Political Parties and Coalitions covering the Liberal Democratic Party coalition government Komeito and the political opposition Policymaking and the Public covering the policymaking process public opinion civil society and populism and Political Economy and Social Policy covering industrial energy social welfare agricultural monetary and immigration policies as well as social inequality In the international relations part there are four sections International Relations Frameworks covering grand strategy international organizations and international status International Political Economy covering trade finance foreign direct investment the environment economic regionalism and the linkage between security and economics International Security covering remilitarization global and regional security multilateralism nuclear nonproliferation naval power space security and cybersecurity and Foreign Relations covering Japan s relations with the United States China South Korea ASEAN India the European Union and Russia Keywords international relations comparative politics democracy international order alliances space security elections Liberal Democratic Party multilateralism remilitarization international organizations populism civil society coalitions political parties trade finance monetary policy foreign direct investment cybersecurity

Finance, Law, and the Courts Marco Lamandini, David Ramos Muñoz, 2023-11-09 Law and courts are often neglected in finance The discipline is so permeated by economic analysis the enforcement of its rules so based on regulatory authorities that it often seems more natural to speak of financial regulation rather than financial law de-emphasizing the role of courts Authored by leading experts in commercial law Finance Law and the Courts goes beyond this limited perspective The book demonstrates that law and courts are essential in providing finance with the certainty it needs to operate and the elasticity it needs to evolve As explored in Part I of the book these benefits result from law s status as an interpretative construct formed by rules and principles a construct shaped by a need for consistency When principles collide courts are often called to solve hard cases and in doing so the Law of Finance evolves Examining such hard

cases Parts II and III analyze courts roles in influencing finance s key concepts and principles For Public Law this includes the impact of sovereign immunity separation of powers or individual rights on the justiciability of financial acts central banks mandates and the interplay between regulatory concepts and fundamental rights For Private Law these include the foundations of liability for misstatements the validity and interpretation of financial contracts and creditor creditor conflict The book further explores the interplay between specialist and generalist courts and other bodies in Part IV concluding with a case for limited specialization of finance justice in the EU Offering a comprehensive legal treatment of finance s regulatory sources this book is an unparalleled resource for law academics practitioners and policymakers seeking to better understand the complex financial cases that they may encounter

The ^AOxford Handbook of Japanese Politics Robert J. Pekkanen,Saadia Pekkanen,2021-10-11 Through more than 40 chapters by leading specialists the Oxford Handbook of Japanese Politics examines major aspects of both domestic politics and international relations In addition to providing a broad overview of contemporary Japanese politics the chapters are united by a shared question what is the nature and quality of Japanese democracy Contributors consider this matter alongside their individual subjects which together comprehensively address the central research topics of the field

The Price of Empire Miles M. Evers,Eric Grynaviski,2024-04-04 The United States was an upside down British Empire It had an agrarian economy few large investors and no territorial holdings outside of North America However decades before the Spanish American War the United States quietly began to establish an empire across thousands of miles of Pacific Ocean While conventional wisdom suggests that large interests the military and major business interests drove American imperialism The Price of Empire argues that early American imperialism was driven by small entrepreneurs When commodity prices boomed these small entrepreneurs took risks racing ahead of the American state Yet when profits were threatened they clamoured for the US government to follow them into the Pacific Through novel intriguing stories of American small businessmen this book shows how American entrepreneurs manipulated the United States into pursuing imperial projects in the Pacific It explores their travels abroad and highlights the consequences of contemporary struggles for justice in the Pacific

Research Impact and the Early Career Researcher Kieran Fenby-Hulse,Emma Heywood,Kate Walker,2019-05-24 Research Impact and the Early Career Researcher documents experiences and perspectives on the emerging concept of research impact from a range of disciplines and places them within an analytical and critical discursive framework Combining personal reflections with research essays it provides the reader with a multi dimensional perspective on research impact and how it connects to the research lives and practice of early career researchers Research impact is playing an ever increasing role in international research policy and government strategy This book Explores the arrival of impact into the national research consciousness Discusses how to build capacity and skills within research impact and how this might impact academic career progression in an international job market Offers advice on balancing national expectations with institutional expectations on research in terms of funding

and career progression Offers suggested ways forward whilst actively challenging what constitutes research impact Research Impact and the Early Career Researcher provides a much needed research base for studies of research impact and the extent to which it has altered changed and influenced the research practice of early career academics It is an essential guide for any new and early career researchers wishing to navigate the complex landscape in order to meaningfully contribute to the impact agenda

Reconsidering Policy Kate Crowley,Jenny Stewart,Adrian Kay,Brian W. Head,2021-08-11 For nation states the contexts for developing and implementing policy have become more complex and demanding Yet policy studies have not fully responded to the challenges and opportunities represented by these developments Governance literature has drawn attention to a globalising and network based policy world but politics and the role of the state have been de emphasised This book addresses this imbalance by reconsidering traditional policy analytic concepts and re developing and extending new ones in a melded approach defined as systemic institutionalism This links policy with governance and the state and suggests how real world issues might be substantively addressed

The Scottish Economy and Nationalism James Foley,2023-08-18 Scotland s economic capacity to prosper independently of Britain has become a key political issue dominating the independence referendum of 2014 and continuing to influence British politics since But as this book shows the Scottish economy is not merely a statistical object it is also a political sociological and cultural idea which has been imagined and constructed The book explores the history of how Scotland has been framed in statistical and policy terms which are laden with conflicts over meaning ranging from class struggles and struggles against external control to the ongoing debate over national independence Using Scotland as a case study for examining the political meaning of the economy the book also considers the origins of efforts to measure the Scottish economy in the British nationalist terms of regional policy It then considers the influence in turn of North Sea oil globalisation Europeanisation class dealignment and neoliberal enterprise ideology in changing the meanings attached to the Scottish economy These form necessary conditions for the debate on national independence where the nature and the future of the Scottish economy remain the central controversy By examining the economic ideas of a self proclaimed cosmopolitan nationalist movement the study will offer deeper insights into how nationalists are adapting to the crisis of globalisation This book marks a significant contribution to the literature on Scottish independence as well as economic sociology nationalism critical geography and political economy more broadly

The Rhetoric of Diversion in English Literature and Culture, 1690-1760 Darryl P.

Domingo,2016-03-29 A study of how literature of the early eighteenth century represented a newly fashionable life of amusement and diversion Chapters explore a range of diversionary preoccupations and argue that the devices of digressive wit adopt similar forms and fulfil similar functions in literature as do diversions in eighteenth century culture

Regulating EU Capital Markets Union Rüdiger Veil,2024-02-28 The current framework of EU regulation concerning capital markets is complex and partly inconsistent in the way that it is applied in the various Member States Through the

Capital Markets Union CMU project the European Union is pursuing the goal of establishing a true single market for capital in Europe Regulating EU Capital Markets Union Fundamentals of a European Code is the first of a two volume series proposing the codification of EU legislature as a way to establish this goal This book analyses all existing capital markets regulation It explains the idea of codification looks at the added value of a European Capital Markets Code discusses key concepts of the current regimes and elaborates on the goals of the future codification act The work explores the idea that the provisions spread over numerous rulebooks should be brought together in a single legal act in the form of a regulation and organized in a systematic way to reduce complexity thereby facilitating accessibility of capital markets law Drawing on the experience of academics from various European countries this volume discusses possible contents of a European Capital Markets Code addresses approaches to regulatory reforms and explores the role of private enforcement The Painter's Fire Zara Anishanslin,2025-07-01 The Painter s Fire follows a remarkable cohort of transatlantic artists who risked their lives and reputations to promote the patriot cause during the Revolutionary War Their experiences Zara Anishanslin shows testify to both the promise and the limits of liberty in the founding era How to Achieve Inclusive Growth Valerie Cerra,Barry Eichengreen,Asmaa El-Ganainy,Martin Schindler,2022 This authoritative book explains the sources and scale of current economic challenges and proposes solutions to craft a brighter future by building a sustainable green and inclusive society in the years ahead **Fundamentals of Entrepreneurial Finance** Marco Da Rin,Thomas Hellmann,2020 Entrepreneurial finance brings together the fast moving world of entrepreneurship with the disciplined world of finance Fundamentals of Entrepreneurial Finance provides an accessible yet rigorous framework for understanding how ambitious high growth start ups can successfully obtain funding and interact with investors Catalog Yale University.
