

Prompt: Please briefly elaborate on one of your extracurricular activities or work experiences. (150 word limit)

I have always wanted to be a doctor, but to me, community interaction was also very important. In this rice application essay, I will detail the reasons why I believe that community engagement is crucial for a successful medical practice. I grew up in an area where medicine was mostly mistrusted, and as a result, many people did not get the medical attention that they needed. I started a community outreach organization five years ago, where I host a medical question-and-answer session two times a week to unite healthcare professionals and the community in an open and honest environment. I devote about twelve hours a week to planning these sessions, and it has allowed me to delve deeper into the medical field as well as become acutely aware of the pertinent issues in my community that I will have to address in the future as a physician.
