Shop Pomeroy S First Landmark Department Stores:

Shop Pomeroy's First Michael J. Lisicky, 2014-10-14 For over one hundred years Pomeroy's was a beloved household name for the shoppers of central and eastern Pennsylvania. Founded in 1876, the store began under another name in Reading and soon expanded to Harrisburg, Pottsville, and Wilkes-Barre. George Pomeroy bought out his partners in 1923, and Pomeroy's became known for its exemplary service and a devoted sales force. From the extraordinary window displays and the annual Christmas parade to a bite at the Tea Room, the stores were a social hub where sweethearts first met and families did their Saturday shopping. Though the final stores closed in 1990, the memories live on. Department store historian Michael Lisicky chronicles the history of Pomeroy's and takes readers back in time with reminiscences of former employees, interviews with store insiders, and a selection of classic recipes.

The Landmarks of New York, Fifth Edition Barbaralee Diamonstein-Spielvogel, 2011-09-01 As the definitive resource on the architectural history of New York City, *The Landmarks of New York, Fifth Edition* documents and illustrates the 1,276 individual landmarks and 102 historic districts that have been accorded landmark status by the New York City Landmarks Preservation Commission since its establishment in 1965. Arranged chronologically by date of construction, the book offers a sequential overview of the city's architectural history and richness, presenting a broad range of styles and building types: colonial farmhouses, Gilded Age mansions, churches, schools, libraries, museums, and the great twentieth-century skyscrapers that are recognized throughout the world. That so many of these structures have endured is due in large measure to the efforts of the New York City Landmarks Preservation Commission. Since the establishment of the commission, New York City has become the leader of the preservation movement in the United States, with more buildings and districts designated and protected than in any other city. Included here are such iconic structures as Grand Central Station, the Chrysler Building, the Metropolitan Museum of Art, and Carnegie Hall, as well as those that may be less well known but are of significant historical and architectural value: the Pieter Claesen Wyckoff House in Brooklyn, the oldest structure in New York City; the Bowne House in Queens, the birthplace of American religious freedom; the Watchtower in Marcus Garvey Park in Harlem; the New York Botanical Garden in The Bronx; and Sailors Snug Harbor on Staten Island. In addition to completely updated maps and descriptions of each landmark and historic district included in the previous editions, the fifth edition adds 183 new individual landmarks and 39 new historic district maps.

Leveraged Buyouts and the Pot of Gold Carolyn Kay Brancato, 1989 **Landmarks of Wayne County, New York** George Washington Cowles, Henry Perry Smith, 1895 **The Front Porch Revolution** Robert H. Lengel, 2018-07-18 A piece of music is more than the sum and sequence of its notes. The spaces between the notes, the rests or silences, are just as essential. Without those spaces, the notes do not properly relate to each other, and even the most profound composition degrades into mere noise. Front porches metaphorically represent those rest spaces in our lives, and they are vanishing. Without them, we are denying ourselves access to our music and possibility, and the evidence is clear at all levels of

interaction The social and political discourse in this country has of late eroded into noise and acrimony dialogue having been abandoned for weaponized partisan monologues Diatribes and rhetoric are gleefully accelerated like charged particles online and on competing TV news and talk radio shows In fact this dynamic is experienced in meetings of any scale where diverse perspectives clash around topics we care about But ask yourself what is being accomplished beyond gridlock frayed relationships and destructive polarization We need to meet in new ways The Front Porch Revolution is about the need to reassert true conversation and dialogue and reaffirm an earnest commitment to genuine communication If anything is to be accomplished and there is much that needs to be accomplished we must be able to hear ourselves think and be present with our personal stories that give context to that thinking This is more likely to happen on front porches than on the floor of Congress in board rooms in classrooms or on Facebook or Twitter Viewing the world from the front porch invites a new way of thinking about our communication challenges leadership and what we have become in the absence of front porches Based on decades of research and first hand experience at the Center for Professional Excellence at the University of Texas at San Antonio The Front Porch Revolution maps out a lucid thoughtful and hopeful path forward to possibility Confidential Bulletin National Retail Merchants Association (U.S.),1928 *Directory of Shopping Centers in the United States* ,1986
