Short Essay On Indira Gandhi:

Indira Gandhi and the Years That Transformed India Srinath Raghavan, 2025-05-30 Indira Gandhi's ascent as prime minister of India in 1966 was entirely unforeseen. But she soon emerged as one of the most powerful political leaders of her times who transformed the world's largest democracy. She served as prime minister for a remarkable fifteen years leaving behind a complex and deeply controversial legacy. In this fascinating account, Srinath Raghavan tells the story of Indira Gandhi's political career and the momentous changes that India experienced under her leadership. From her tentative start in high office to her remarkable electoral victories, the dark days of the Emergency of 1975-77 and her assassination at the hands of her bodyguards in 1984, Raghavan sheds new light on her politics and government as well as on her adversaries and critics. He shows how the 1970s were the hinge on which the history of the country turned and how Indira Gandhi transformed the new postcolonial nation into the India of today. **Eyes of the World** Marc Aronson, Marina Budhos, 2024-03-26

A multilayered biography of two Jewish photographers who helped bring about modern photojournalism during the Spanish Civil War. Robert Capa and Gerda Taro were young Jewish refugees, idealistic and in love. As photographers, they set off to capture their generation's most important struggle: the fight against Fascism. Among the first to depict modern warfare, Capa and Taro took powerful photographs of the Spanish Civil War that went straight from the devastation to news magazines. In so doing, they helped give birth to the idea of bearing witness through technology to bring home tragedies from across the world. Packed with dramatic photos, posters, and maps, this compelling book captures the fascinating story of how photojournalism began. This thoroughly researched and documented book can be worked into multiple aspects of the common core curriculum. Praise for *Eyes of the World*: A fascinating look at the evolution of photojournalism. Readers not only get a strong sense of who these photographers were as people, they will understand what made their pictures so special. Thoroughly researched and cited, the text offers a unique perspective. Booklist starred review.

A Talent for the Particular Raymond-Jean Frontain, Basudeb Chakraborti, 2012 *Understanding Fascism: Writings on Class, Caste and the State* K. Balagopal, The articles are responses at a point in time, but why the book is important is because they are relevant even now. They are about the arduous task of building democracy and charting the contours of the justice system in its everyday guise as well as when it sets out to make and implement policies. Authoritarianism, Balagopal points out, lies immanent in the dominance of the national project by the hegemonic classes and castes. The elites have deliberately sought to work this as well as regional contradictions to their advantage. They do this by building a repository of social contempt and negativity against shifting targets: religious minorities, workers, civil rights activists, political dissenters, dalits, and adivasi movements and protesting women. Balagopal writes about how in India the alchemy between caste, class, and the State creates a uniquely Indian alloy of fascism. Reading them gives the impression that he was standing on top of a tall tower with a powerful pair of binoculars which enabled him to see what nobody else could. In truth, there was no tower and no

binoculars just an extremely fine courageous and honest mind looking around at what others turn away from Arundhati Roy

Taking up the roles that Salman Rushdie himself has assumed as a cultural broker gatekeeper and mediator in various spheres of public production Ana Cristina Mendes situates his work in terms of the contemporary production circulation and consumption of postcolonial texts within the workings of the cultural industries Mendes pays particular attention to Rushdie as a public performer across various creative platforms not only as a novelist and short story writer but also as a public intellectual reviewer and film critic Mendes argues that how a postcolonial author becomes personally and professionally enmeshed in the dealings of the cultural industries is of particular relevance at a time when the market is strictly regulated by a few multinational corporations She contends that marginality should not be construed exclusively as a basis for understanding Rushdie's work since a critical grounding in marginality will predictably involve a reproduction of the traditional postcolonial binaries of oppressor oppressed and colonizer colonized that the writer subverts Rather she seeks to expand existing interpretations of Rushdie's work itineraries and frameworks in order to take into account the actual conditions of postcolonial cultural production and circulation within a marketplace that is global in both orientation and effects
