Thank you all for coming on this special day to celebrate the graduation of the Pre-K "Rockstars" class of 2011. This is a monumental occasion in the lives of our children. It is also a time to recognize the outstanding work and support of all the staff here, the parents, and most of all the students. Just looking around at the smiling faces says so much about the culture here at our school. Each morning, my heart just melts, when I see those smiling faces that are followed by their warm embraces which continually remind me of why I love teaching and how lucky I am to be a part of their lives. I am so impressed with their progress this year and they have grown to see learning as fun, exciting with a passion that will help them as they advance with their education. Looking ahead, our children are very well equipped to take on the next part of their personal and educational lives. They have formed have a strong foundation and I feel especially confident that we have given our children a great start in life with the knowledge of many priceless lessons. So, To the Class of 2011, Pre-K Rockstars, "My Chickadees":

- challenge yourself
- have a kind heart
- enjoy learning
- give back to others
- laugh and love
- And be all you can be!

In closing, I would like to dedicate this poem to my special chickadees...This one is for you.... "To My Special Chickadees" I want to let know,

How much you mean to me And how fast the year did go! Please come back to visit me All through the years you grow, Try to learn and love all that you can There is so much for you to know I'm glad I am your teacher I've come to love you so, I can't believe the end is here. It is so hard to see you go The one thing I tried to teach you to last your whole life through, Is to know that you always be "my special chickadees" And there's is no one else like you! So it's with all my heart

I send you on your way, with great hope and expectations for years of happiness and bliss to stay.

Kirkus Reviews: A heartwarming story of two people who were meant for each other. Soohyuk, a pediatric emergency medicine specialist, a man who never eats something someone else gives him. Soohyuk, the tyrant who rules S University Hospital's pediatric emergency room. He only cares about treating sick children, whether or not that gets in the way of advancing his career. He has a grouse to everyone aside from the patients. Suddenly, he starts noticing a woman, the woman who feeds him. Yuna, a chef who makes boxed lunches. A woman who panics and collapses whenever she meets a man due to trauma from her past. Wanting to do what she likes rather than going off to college, Yuna opens up her own business that specializes in boxed lunches, A Tasty Meal. She gets scared when one day she sees the tall Soohyuk standing outside her restaurant, but she soon learns he is only drawn to the delicious smell. And somehow, she comes to be in charge of his everyday meals. When Soohyuk meets Yuna, a confident, surefooted woman who gets startled and scared when he comes near, he wants to know everything there is to know about her. Did you collapse because you don't like me? Or are you scared of men? **The Immigration & Education Nexus** David A. Urias,2012-03-26

The focus of this edited volume is on immigration's effect on schooling and the consequential aspect of illegal immigration's effect. To understand immigration legal and undocumented and K-16 education in Asia, Europe, and the US is to situate both within the broader context of globalization. This volume presents a timely and poignant analysis of the historical legal and demographic issues related to immigration with implications for education and its interdisciplinary processes. Arguments based on theories of globalization, socialization, naturalization, and xenophobia are provided as a conceptual foundation to assess such issues as access to and use of public services, e.g., public education, health, etc. Additional discussions center around the social, political, and economic forces that shape the social, cultural identities of this population as it tries to integrate into the larger society. The long-term causes and consequences of global immigration dynamics and the multiple paths taken by immigrants, especially children wishing to study, are addressed. Summary discussion concludes the volume as well as projections with respect to links between immigration and key national security and international policy issues. Education can and must play an important role in a world that is more global and at the same time more local than it was almost twenty years ago. This volume intends to serve as an ambitious guide to approaching the issues of immigration and education more globally. [Journal Association 1901 SEPIKE](#) Association 1901 SEPIKE, 2018-07-13. Grassroots Development, 1994 **Resources in Education**, 1999 **Making the Grade** Tony Wagner, 2003-12-16. This book provides a guide for a long overdue public dialogue about why and how we need to reinvent our nation's schools. How has the world changed for our children? What do all students need to know in light of these changes? How do we hold students and schools accountable for results? What do good schools look like, and what must leaders do to create more of these schools? These are some of the questions that drive this book. The answers emerging to these questions may surprise many. The most successful public schools of the 21st century look a lot more like our 19th-century village schools than our current factory model of schooling. This book describes these new village schools that have been created in the last decade and suggests that they are a prototype for the schools of the future.
