Berg, 2013-10-04 In July 1923 less than three years after Westinghouse station KDKA signed on company engineer Frank Conrad began regular simulcasting of its programs on a frequency in the newly discovered shortwave range It was an important event in a technological revolution that would make

dependable worldwide radio communication possible for the first time In subsequent years countless stations in practically all countries followed suit taking to shortwave to extend reception domestically or reach audiences thousands of miles away Shortwave broadcasting would also have an important role in World War II and in the Cold War In this his fourth book on shortwave broadcast history the author revisits the period of his earlier work *On the Short Waves 1923 1945* and focuses on the stations that were on the air in those early days The year by year account chronicles the birth and operation of the large international broadcasters as well as the numerous smaller stations that were a great attraction to the DXers or long distance radio enthusiasts of the time With more than 100 illustrations and extensive notes bibliography and index the book is also a valuable starting point for further study and research

*Boys' Life*, 1991-10 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting

**Broadcasting on the Short Waves, 1945 to Today** Jerome S. Berg, 2008-10-24 Shortwave broadcasting originated in the 1920s when stations used the new technology to increase their range in order to serve foreign audiences and reach parts of their own country not easily otherwise covered The early days of shortwave radio were covered in *On the Short Waves 1923 1945 Broadcast Listening in the Pioneer Days of Radio* published by McFarland in 1999 paperback 2007 Then two companion volumes were published picking up the story after World War II They were *Listening on the Short Waves 1945 to Today* McFarland 2008 paperback 2010 which focuses on the shortwave listening community and the present *Broadcasting* title about the stations themselves and their environment The heart of the book is a detailed year by year account of the shortwave bands in each year from 1945 to 2008 It reviews what American listeners were hearing on the international and domestic shortwave bands describes the arrivals and departures of stations and recounts important events The book describes the several categories of broadcasters international domestic private religious clandestine and pirate It explains the impact of relay stations frequency management and jamming It also addresses the considerable changes in shortwave broadcasting since the end of the Cold War The book is richly illustrated and indexed and features a bibliography and extensive notes

**The New Radio Receiver Building Handbook** Lyle Russell Williams, Bsee Lyle Russell Williams, 2006-09-01 A shortwave radio without use of satellites will receive commercial free foreign government supported English language radio programs from thousands of miles away Shortwave radios can be built at home in a time period of a

few hours to a few weeks This book contains over one hundred illustrations Written for both the expert and the novice it provides information for understanding how the radios work for obtaining the necessary parts and for constructing the radios Shortwave radios were first developed in the 1930s and new designs can be built to resemble radios of that era **Boys' Life**, 1956-10 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting Listening on the Short Waves, 1945 to Today Jerome S. Berg, 2008-10-01 This book presents the histories of the major North American shortwave clubs and reviews the professional and listener generated shortwave literature of the era It also covers the DX programs and other listening fare to which shortwave listeners were most attracted and the QSL cards they sought as confirmation of their reception Provided by publisher *Reference Guide to Africa* Alfred Kagan, Atoma Batoma, 2014-10-16 This third edition of the Reference Guide to Africa explains the most important resources for the study of the continent of Africa It contains a general sources section and a larger disciplinary oriented section All sources are annotated A new edition is sorely needed since the last edition was published nine years ago The previous editions have been successfully used in research libraries worldwide since 1999 and it has been used to teach several African studies research courses The book provides an orientation for researching almost any topic in the arts humanities and social sciences concerning the continent of Africa and all of its countries and ethnic groups The first part explains and lists portals databases bibliographies indexes guides encyclopedias country sources biography primary sources government publications and statistics The second part presents 16 subject oriented chapters mostly in the arts humanities and social sciences from agriculture and food security to women studies It covers sources that broadly cover the continent or in some cases only North Africa and the Middle East It generally excludes sources limited to one country or region of Africa except for North Africa because of the nature of the literature One third of the sources in this edition are new and nearly half of them are available in electronic format There are author title and subject indexes This unique work is intended for students teachers librarians and researchers It likely will be used most by reference librarians and teachers for students in high school through graduate studies It will also be used independently by undergraduate and graduate students It can be used to answer simple reference questions provide the resources for an undergraduate paper or for comprehensive work by advanced students and researchers **Passport to World Band Radio 1998** Lawrence Magne, 1997-09-16 Elegant rusticity meets unpretentious luxury in the work of this award winning architecture firm Howard Backen award winning principal of the architecture firm Backen Gillam Kroeger is at the center of a popular movement in home design that emphasizes comfort over pretension and elegant simplicity over complication that tends to serve the ego of architects This volume the first on his work and that of the firm is an artful exploration of that this aesthetic featuring farmhouses in the Napa Valley hilltop homes seaside retreats and lakeside hideaways Throughout the work a sense of intimacy warmth and informality pervades Natural materials such as wood stone and brick form the

foundations walls and ceilings of these subtly luxurious spaces while nature itself plays a considered role that is at once complementary and also intricately conjoined with the work Long vistas open outward toward sun drenched valleys from the window lined wall of a bedroom in one home while more immediate scenes of steeply rising hillsides and hidden lakes appear from just beyond the back stoop and the rough hewn board dock of another Sensitive alluring and wonderfully resonant with the suggestion of invitation the work of Backen Gillam Kroeger is both thrilling to the eye and restorative to the soul
