the Gloucestershire regiment in 1915 and spent two years in the trenches of the Western Front Wounded in the arm and subsequently gassed during the Battle of Passchendaele Gurney was recovering in hospital when his first collection of poems *Severn and Somme* was published Despite episodes of depression he resumed his music studies after the war until he was committed to an asylum in 1922 At times believing he was Shakespeare and that the machines under the floor were torturing him he nevertheless continued to write and compose leaving behind a vast body of unpublished work when he died of tuberculosis Drawing on extensive archival research and spanning literary criticism history psychiatry and musicology this compelling narrative sets Gurney s life and work against the backdrop of the war and his institutionalisation probing the links between madness suffering and creativity Facing death in the trenches Gurney hoped that history might not forget me quite This definitive account of his life and work helps ensure that he will indeed be remembered **The Jewish People in the First Century, Volume 1** S. shrewd detective work Setting a new standard for the practice of autoethnography Susan Greenhalgh presents a case study of her intense encounter with an enthusiastic young specialist who through creative interpretation of the diagnostic criteria for a newly emerging chronic disease became convinced she had a painful essentially untreatable lifelong muscle condition called fibromyalgia Greenhalgh traces the ruinous effects of this diagnosis on her inner world bodily health and overall well being Under the Medical Gaze serves as a powerful illustration of medicine s power to create and inflict suffering to define disease and the self and to manage relationships and lives Greenhalgh ultimately learns that she had been misdiagnosed and begins the long process of undoing the physical and emotional damage brought about by her nearly catastrophic treatment In considering how things could go so awry she embarks on a cogent and powerful analysis of the sociopolitical sources of pain through feminist cultural and political understandings of the nature of medical discourse and practice in the United States She develops fresh arguments about the power of medicine to medicalize our selves and lives the seductions of medical science and the deep psychologically rooted difficulties women patients face in interactions with male physicians In the end Under the Medical Gaze goes beyond the critique of biomedicine to probe the social roots of chronic pain and therapeutic alternatives that rely on neither the body cure of conventional medicine nor the mind cure of some alternative medicines but rather a broader set of strategies that address the sociopolitical sources of pain

House of Commons - Welsh Affairs Committee: The Impact of Changes to Housing Benefit in Wales - HC 159
Great Britain: Parliament: House of Commons: Welsh Affairs Committee, 2013-10-17 The costs of housing benefit currently makes up more than a tenth of the UK Government s expenditure on welfare with costs forecast to reach 25 billion by 2014 15 The Government s policy on under occupation came into force in April 2013 and it is estimated that 40 000 tenants in Wales will be affected representing 46% of working age housing benefit claimants living in the social rented sector This is the highest proportion of any region in Great Britain There could therefore be a shortage of one and two bedroom homes in Wales to re house everyone who wants to downsize If local authorities are struggling to find alternative smaller

accommodation for Government should undertake a speedy review of this policy It is also increasingly urgent for the Welsh Government to continue with its house building programme with a particular focus on the building of smaller sized properties obviously this is a long term solution that would require additional resources If no social housing is available tenants may need to move to the private rented sector and private rental costs would need to be monitored The costs of moving disabled households who require adaptations are also a concern There may be a case for exempting disabled households from the policy The Government's proposal to pay housing benefit direct to social tenants under Universal Credit may result in some tenants being unable to manage their rent payments The Committee recommends that the Government provide for housing benefit to be paid direct to the landlords in certain circumstances for example after a specified period of non payment

American Exceptionalism Vol 1 Timothy Roberts,2017-07-05 American exceptionalism the idea that America is fundamentally distinct from other nations is a philosophy that has dominated economics politics religion and culture for two centuries This collection of primary source material seeks to understand how this belief began how it developed and why it remains popular **Harper's Young People** ,1883 The Congressional Globe United States. Hildebrand,1864 **Afrotopia** Wilson Jeremiah Moses,1998-09-13 A study of Afrocentrism since the eighteenth century with particular attention to popular mythologies The Lawyers Reports Annotated, Book 1-70 ,1905 **Alcohol guidelines** Great Britain: Parliament: House of Commons: Science and Technology Committee,2012-01-09 This report raises concerns about the Government's advice on sensible drinking and recommends that alcohol guidelines are reviewed In 1987 the sensible limits for drinking were defined as 21 units of alcohol a week for men and 14 for women By the early 1990s scientific evidence suggesting that alcohol consumption might reduce the risk of coronary heart disease prompted a review of the guidelines and the drinking guidelines were then couched in daily terms men should not regularly drink more than three to four units a day and women no more than two to three units a day The Committee is sceptical about using the purported health benefits of alcohol as a basis for daily guidelines for all the adult population particularly as any protective effects would only apply to men over 40 years and post menopausal women Evidence suggests that the guidelines should not be increased and that people should take at least two drink free days a week While public awareness of the existence of guidelines is high a deeper understanding of what the guidelines were and of what a unit of alcohol looked like is lacking Through the Public Health Responsibility Deal the Government is working with the drinks industry to ensure that over 80% of alcoholic products on shelf will have labels with alcoholic unit content and the drinking guidelines by 2013 But the Government should remain mindful that sensible drinking messages may conflict with the business objectives of drinks companies and exercise proper scrutiny and oversight **Bookseller and Stationer** ,1923 *Our Young People* ,1905
