 - either automatically by a changeover sensor, or a changeover switch, or a remote changeover switch via KNX command
 - or manually by pressing the operating mode button.
- If the thermostat is configured for "heating only" or "cooling only", changeover is not available (see parameter P01).
- To select cooling or heating manually (P01 = 2), press the operating mode button until the OK symbol points to the mode you desire.
- With automatic changeover or remote heating / cooling, symbols OK and OK indicate that the system normally heats or cools.
- With manual changeover, symbols OK and OK indicate that the system currently operates in heating or cooling mode. Symbols OK and OK indicate that the system currently heats or cools.
