Why online marketing is such a powerful tool to promote your business. Marcelo Gameiro, A school of thought advocates that the quality of the products and services offered is the most singular factor necessary for a business to advance its prospects The proponents of this approach believe that once the quality of goods and services is top notch the client will be happy They advocate that a satisfied customer will return to order for more of such services or goods While that may be true a novel emerging approach notes that although the quality of products and services is crucial it is not enough to keep a business floating A business grows develops and becomes profitable as its revenue base expands A satisfied customer will come back but with marketing strategies in place one happy customer can reach and persuade 50 others Thus excellent quality must go hand in hand with an efficient marketing system to boost a business by creating a wide range of customer outreach In this book you can find the best guide to take advantage of one of the most efficient and cheaper ways of doing marketing today Why marketing is the heart of your business and where is the best vehicle to do marketing today Why online marketing is the most efficient way of doing marketing today Why online marketing efforts last longer than others methods How can you put your business online for free and other methods too

Building Your Academic Research Digital Identity Margaret Rush Dreker, Kyle James Downey, 2024-02-19 The purpose of this timely and stimulating book is to thoroughly prepare students early researchers and career scholars in establishing their digital identity online Broadly defined digital identity is one s online history that is it is any trail a person has left in his or her life that is now online In academics the issue is of digital presence is of utmost importance as a digital identity frames one s professional reputation doing so by promoting and defining a person s knowledge and research in their respective field Written by an accomplished interdisciplinary team of scholars in library science and related fields this unique guide addresses the development of professional identity as a continuous dynamic process that is constantly evolving generally starting from university study and moving through one s

professional work life It goes without saying that building your digital identity as a researcher can be an effective way to publicize your work among your peers but the authors emphasize this activity must be done carefully and skillfully Indeed developing these skills can forge a path to professional advancement in hiring promotion and tenure Moreover a well designed digital presence can help build networks which can lead to collaborations increased research and grants In addition having a well managed digital identity helps an academic engage with the public by strategically disseminating one's knowledge to students public and the media Importantly it can also help prevent misinformation Whether readers are new in the field of research and publishing or have a well established portfolio of written literature this handy title will provide vital guidance in establishing a digital presence covering a wide range of issues Key topics discussed for example include academic digital platforms and tools to consider when using them working with academic librarians social media platforms choosing digital identity management tools like Open Researcher and Contributor ID or ORCID the importance of author metrics and the h index and maintaining and curating a professional website to name just several areas discussed An invaluable contribution to the career literature Building Your Academic Research Digital Identity will enable readers to strategically understand all the tools platforms and metrics needed to establish and cultivate one's crucially important digital profile
