The Secret Passage Fergus Hume,2021-03-09 The Secret Passage 1905 is a mystery novel by Fergus Hume Although not as successful as The Mystery of a Hansom Cab 1886 an immediate bestseller for Hume The Secret Passage is a gripping novel with an atmospheric intensity and tightly wound mystery worthy of the best of Victorian fiction From an author whose work inspired Arthur Conan Doyle The Secret Passage is a story of murder with a haunting original conclusion Susan Grant a young woman seeking employment arrives at Rose Cottage the home of Miss Loach After a brief but intense interview Susan begins working as a parlor maid quickly discovering the high standard to which Miss Loach holds her employees Across town her sister Mrs Octagon a writer with a penchant for self promotion lives with her husband Peter and daughter Juliet Speaking with Juliet following afternoon tea one day Mrs Octagon raises the topic of her sister whose quiet life she deeply disapproves of At this moment as though by a stroke of fate her husband bursts in with the news of Miss Loach s murder As Jennings a local detective begins his investigation he discovers a broad cast of friends employees and acquaintances all of whom harbor some motive but who could have been driven to murder Was it Susan whose history working for a mysterious Spaniard seems questionable at best Was it Mrs Octagon from whom the topic of her sister had always drawn the bitterest of words As The Secret Passage winds toward its cunning conclusion one thing becomes clear the line between malice and murder remains murky even under the brightest of lights With a beautifully designed cover and professionally typeset manuscript this edition of Fergus Hume s The Secret Passage is a classic of English mystery and detective fiction reimagined for modern readers

Year Book and Almanac of Newfoundland, 18 19 Containing a Calendar and Nautical Intelligence for the Year ,1916 The Viper John Verdon,2024-09-24 Pushed to his breaking point and accused of murder retired NYPD detective Dave Gurney must face his greatest adversary yet to solve a mystery that is quickly tearing his world apart Tennis bad boy Ziko Slade is serving twenty years for the grisly murder of small time criminal Lenny Lerman The facts of the case and Slade s checkered past seem indisputable What begins as a cursory review of the case as a favor to Dave Gurney s wife s friend soon spirals into something much more complicated When Gurney s involvement threatens to expose a viper s nest of corruption he finds himself framed for murder and pursued by a sensational media a ruthless district attorney and a coldblooded killer As he evades the law and attempts to solve the case to salvage his reputation Gurney grapples with the realization that his unshakable need for police work is costing him more than the brilliant detective ever suspected The Viper

is the most shocking and riveting chapter yet in the internationally bestselling Dave Gurney series **Drugs and Contemporary Warfare** Paul Rexton Kan,2009 The relationship between drugs and today s wars has grown more noticeable since the end of the Cold War and will likely gather strength in this era of increased globalization Many violent groups and governments have recently turned to illicit narcotics in their entrepreneurial quests to stay viable in the post Cold War world It is no coincidence that many of the most violent and ongoing conflicts from the Balkans to the Hindu Kush from the Andes to the Golden Triangle occur in areas of widespread drug production and well traveled distribution routes Interdisciplinary in its approach *Drugs and Contemporary Warfare* investigates the convergence of drugs and modern warfare the violent actors involved in the drug trade the drugs they produce and distribute and how these drugs enter into battlefield conflicts and give rise to combat narcosis Paul Rexton Kan then examines counternarcotics operations and suggests solutions to curb the drug trade s effects on contemporary conflict He offers several broad strategies that refine assessments policies and operations to promote improvement in social economic and political conditions The hope is that these strategies will help citizens create sustainable societies and robust governments in war afflicted countries struggling under the drug trade s shadow In a world searching for peace the answer may not solely be on the battlefield but also on the front line against illegal narcotics With a foreword by Moiss Na m editor in chief of Foreign Policy magazine and the author of *Illicit How Smugglers Traffickers and Copycats Are Hijacking the Global Economy* *Manco, the Peruvian Chief: or, an Englishman's adventures in the Country of the Incas ... With illustrations by C. Schmolze* William Henry Giles Kingston,1853 **Drug Trafficking and International Security** Paul Rexton Kan,2016-07-18 Global drug trafficking intersects with a vast array of international security issues ranging from war and terrorism to migration and state stability More than just another item on the international security agenda drug trafficking in fact exacerbates threats to national and international security In this light the book argues that global drug trafficking should not be treated as one international security issue among many Rather due to the unique nature of the trade illegal drugs have made key threats to national and international security more complex durable and acute Drug trafficking therefore makes traditional understandings of international security inadequate Each chapter examines how drug trafficking affects a particular security issue such as rogue nations weak and failing states protracted intrastate conflicts terrorism transnational crime public health and cyber security While some texts see drug trafficking as an international threat in itself others place it under the topic of transnational organized crime arguing that the threats emanate from criminal groups This book on the other hand provides a thorough understanding of how a vast array of threats to international security are exacerbated by drug trafficking *Manco, the Peruvian Chief; or, an Englishman's adventures in the country of the Incas* Will. H. G. Kingston,1853 *The Rise of the Narcostate* John P. Sullivan,2018-08-30 This book is our sixth Small Wars Journal El Centro anthology covering writings published between 2016 and 2017 The theme of this anthology pertains to the rise of the narcostate mafia states as a result of the collusion between criminal organizations and

political elites essentially authoritarian regime members corrupted plutocrats and other powerful societal elements The cover image of the mass demonstration concerning the disappearance of the forty three Ayotzinapa Teachers College students held at Mexico City s Z calo Plaza in November 2014 provides an archetype of this anthology s theme This anthology includes the following special essays Preface New Wars and State Transformation by Robert Muggah Igarap Institute Foreword Crime and State Making by Vanda Felbab Brown The Brookings Institution Postscript Crime Drugs Terror and Money Time for Hybrids by Alain Bauer CNAM Paris and Afterword The Rise of the Oligarchs by Col Robert Killebrew US Army Ret Dave Dilegge SWJ Editor in Chief *Manco, the Peruvian Chief ...* William Henry Giles Kingston,1853 **Containing a Calendar and Nautical Intelligence for the Year: Authentic and Valuable Information Relating to Public Offices, in Situations, Banks ,1914** **Official Gazette of the United States Patent and Trademark Office ,2002** *Cartels at War* Paul Rexton Kan,2012-10-31 Now in its sixth year the conflict in Mexico is a mosaic of several wars occurring at once cartels battle one another cartels suffer violence within their own organizations cartels fight against the Mexican state cartels and gangs wage war against the Mexican people and gangs combat gangs The war has killed more than 60 000 people since President Felipe Calder n began cracking down on the cartels in December 2006 The targets of the violence have been wide ranging from police officers to journalists from clinics to discos Governments on either side of the U S Mexican border have been unable to control the violence The war has spilled over into American cities and affects domestic policy issues ranging from immigration to gun control making the border the nexus of national security and public safety concerns Drawing on fieldwork along the border and interviews with officials at the Drug Enforcement Administration the Office of National Drug Control Policy the Department of Defense U S Border Patrol and Mexican military officers Paul Rexton Kan argues that policy responses must be carefully calibrated to prevent stoking more cartel violence to cut the incentives to smuggle drugs into the United States and to stop the erosion of Mexican governmental capacity Printers' Ink ,1927
