who dominated the game and finds not just a great player but also a great man In 1986 Richard Ben Cramer spent months on a profile of Ted Williams and the result was the Esquire article that has been acclaimed ever since as one of the finest pieces of sports reporting ever written Given special acknowledgment in The Best American Sportswriting of the Century and adapted for a coffee table book called Ted Williams The Seasons of the Kid the original piece is now available in this special edition with new material about Williams later years While his decades after Fenway Park were out of the spotlight the way Ted preferred it they were arguably his richest as he loved and inspired his family his fans the players and the game itself This is a remembrance for the ages

The Post-Truth Era Ralph Keyes, 2004-10-03 Dishonesty inspires more euphemisms than copulation or defecation This helps desensitize us to its implications In the post truth era we don't just have truth and lies but a third category of ambiguous statements that are not exactly the truth but fall just short of a lie Enhanced truth it might be called Neo truth Soft truth Faux truth Truth lite Deception has become the modern way of life Where once the boundary line between truth and lies was clear and distinct it is no longer so In the post truth era deceiving others has become a challenge a game a habit High profile dissemblers compete for news coverage from journalists like Jayson Blair and professors like Joseph Ellis to politicians of all stripes executives and creative accountants Research suggests that the average American tells multiple lies on a daily basis often for no good reason Not a finger wagging scolding The Post Truth Era is a combination of Ralph Keyes's investigative journalism and solid science The result is a spirited exploration of why we lie about practically everything and the consequences such casual dishonesty has on society American society has become permeated from top to bottom by deception Its consequences for the nature of public discourse media business literature academia and politics are profound With dry humor passionate fervor and deep understanding Ralph Keyes takes us on a tour of a world where truth and honesty are no longer absolutes but mutable fluid concepts
