Students want their textbooks to cost less and they want comprehensive topical coverage presented in a succinct and clear writing style. Technical Communication Strategies for Today offers both and speaks to today's students. Instructional narrative is chunked so that portions of text are combined with graphics. The chunked presentation also integrates an awareness of how documents are read, often skimmed by readers seeking the information they need, and it models the way today's technical documents should be designed. The contemporary writing style is matched by an approach that accurately reflects the modern day computer centered technical workplace. Technical Communication Strategies for Today presents computers as thinking tools that powerfully influence how we develop, produce, design, and deliver technical documents and presentations.

Revel for Technical Communication Today Revel Access Card Richard Johnson-Sheehan, 2017-05-07. For courses in Technical Communication. Fully centralizes the computer in the technical workplace, presenting how writers use computers throughout their communication process. The networked computer, from smartphone to mainframe, has become the central hub of written, spoken, and visual communication in today's scientific and technical workplace. Firmly rooted in core rhetorical principles, Revel™ Technical Communication Today presents computers as thinking tools that powerfully influence how we develop, produce, design, and deliver technical documents and presentations. This popular learning resource helps communicators draft and design documents, prepare material for print and web publication, and make oral presentations. Speaking to today's readers, the narrative is chunked so that readable portions of text are combined with graphics and can be raided by readers seeking the information they need. Retaining these features, the 6th Edition of Technical Communication Today also marks an important shift to drawing readers' attention to the centralization of innovation and entrepreneurship in the technical workplace. Revised chapters, new case studies, and new exercises and projects demonstrate that those who know how to write clearly, speak persuasively, and design functional and attractive texts will be the most likely to succeed in today's innovation-based and entrepreneurial workplace. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience for less than the cost of a traditional textbook.

NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link provided by your instructor to register for and use Revel.
