The Confederate Reader Richard Barksdale Harwell, 2012-10 Here Participants In The Civil War Describe In Their Own Words The Bitterness Of The Conflict Battlefield Scenes Of Heroism And Horror The Very Pulse Of War **Cities and Camps of the Confederate States ... Edited by Richard Barksdale Harwell** Fitzgerald ROSS, 1958 **The Mint Julep**

Richard Barksdale Harwell, 2005 For anyone who has ever enjoyed unwinding with a refreshing cocktail or two Richard Barksdale Harwell's elegant volume *The Mint Julep* provides a delightful foray into the ceremonial traditional and regional history of the Old South's favorite drink Taking the reader through several often debated recipes for creating the perfect julep Harwell also unveils the elusive history behind the drink from its highly contested origin in Virginia through Oxford University's establishment of Mint Julep Day in 1845 and beyond Summoning voices and anecdotes from the past Harwell's handsome little book offers an efficient and enthusiastic voyage into the realm of mixing stirring and enjoying the perfect mint julep Harwell summons various voices from as early as 1803 to help unlock the mystery behind creating the perfect julep while also uncovering the cultural impact the julep had on the American South and abroad Always remaining an impartial guide Harwell offers his own enthusiasm for the mint julep in both his text and the book's lively notes For anyone interested in the history of the South or in learning how to make an outstanding drink *The Mint Julep* offers a refreshing and light hearted contribution **Recollections of Poe, by John Hill Hewitt. Edited by Richard Barksdale Harwell,...** John Hill Hewitt, 1949 **If It Takes All Summer** William D. Matter, 2017-03-01 The termination of the war and the fate of the Union hung in the balance in May of 1864 as Robert E Lee's Army of Northern Virginia and Ulysses S Grant's Army of the Potomac clashed in the Virginia countryside first in the battle of the Wilderness where the Federal army sustained greater losses than at Chancellorsville and then further south in the vicinity of Spotsylvania Courthouse where Grant sought to cut Lee's troops off from the Confederate capital of Richmond This is the first book length examination of the pivotal Spotsylvania campaign of 7-21 May Drawing on extensive research in manuscript collections across the country and an exhaustive reading of the available literature William Matter sets the strategic stage for the campaign before turning to a detailed description of tactical movements He offers abundant fresh material on race from the Wilderness to Spotsylvania the role of Federal and Confederate cavalry Emory Upton's brilliantly conceived Union assault on 10 May and the bitter clash on 19 May at the Harris farm Throughout the book Matter assesses each side's successes failures and lost opportunities and sketches portraits of the principal commanders The centerpiece of the narrative is a meticulous and dramatic treatment of the horrific encounter in the salient that formed the Confederate center on 12 May There the campaign reached its crisis as soldiers waged perhaps the longest and most desperate fight of the entire war for possession of the Bloody Angle a fight so savage that trees were literally shot to pieces by musket fire Matter's sure command of a mass of often conflicting testimony enables him to present by far the clearest account to date of this immensely complex phase of the battle Rigorously

researched effectively presented and well supported by maps this book is a model tactical study that accords long overdue attention to the Spotsylvania campaign It will quickly take its place in the front rank of military studies of the Civil War

Alarid,2024-05-01 In this groundbreaking study historian Michael J Alarid examines New Mexico s transition from Spanish to Mexican to US control during the nineteenth century and illuminates how emerging class differences played a crucial role in the regime change After Mexico won independence from Spain in 1821 trade between Mexico and the United States attracted wealthy Hispanos into a new market economy and increased trade along El Camino Real turning it into a burgeoning exchange route As landowning Hispanos benefited from the Santa Fe trade traditional relationships between wealthy and poor Nuevomexicanos whom Alarid calls *patr nes* and *vecinos* started to shift Far from being displaced by US colonialism wealthy Nuevomexicanos often worked in concert with new American officials after US troops marched into New Mexico in 1846 and in the process Alarid argues the *patr nes* abandoned their customary obligations to *vecinos* who were now evolving into a working class Ultimately wealthy Nuevomexicanos the book argues succeeded in preserving New Mexico as a Hispano bastion but they did so at the expense of poor *vecinos* **Nine Men In Gray** Charles L. Dufour,2015-11-06 In this volume of biographical essays all vividly written extensively researched Charles L Dufour recounts the lives of nine Confederate officers who served their cause with dedication skill and bravery Porter Alexander is not a household name today but he should be remembered as one of Robert E Lee s most valuable officers Bold and imaginative Alexander was an artillerist whose service was requested by every Confederate army commander He and eight other men in gray come to life in vivid sketches by Charles L Dufour Singled out are Dick Taylor the handsome son of former president Zachary Taylor who led the Louisiana

Black Flag Over Dixie Gregory J. W. Urwin, 2005-08-29 *Black Flag over Dixie* Racial Atrocities and Reprisals in the Civil War highlights the central role that race played in the Civil War by examining some of the ugliest incidents that played out on its battlefields Challenging the American public's perception of the Civil War as a chivalrous family quarrel twelve rising and prominent historians show the conflict to be a wrenching social revolution whose bloody excesses were exacerbated by racial hatred Edited by Gregory J W Urwin this compelling volume focuses on the tendency of Confederate troops to murder black Union soldiers and runaway slaves and divulges the details of black retaliation and the resulting cycle of fear and violence that poisoned race relations during Reconstruction In a powerful introduction to the collection Urwin reminds readers that the Civil War was both a social and a racial revolution As the heirs and defenders of a slave society's ideology Confederates considered African Americans to be savages who were incapable of waging war in a civilized fashion Ironically this conviction caused white Southerners to behave savagely themselves Under the threat of Union retaliation the Confederate government backed away from failing to treat the white officers and black enlisted men of the United States Colored Troops as legitimate combatants Nevertheless many rebel commands adopted a no prisoners policy in the field When the Union's black defenders responded in kind the Civil War descended to a level of inhumanity that most Americans prefer to forget In addition to covering the war's most notorious massacres at Olustee Fort Pillow Poison Spring and the Crater *Black Flag over Dixie* examines the responses of Union soldiers and politicians to these disturbing and unpleasant events as well as the military legal and moral considerations that sometimes deterred Confederates from killing all black Federals who fell into their hands Twenty photographs and a map of massacre and reprisal sites accompany the volume The contributors are Gregory J W Urwin Anne J Bailey Howard C Westwood James G Hollandsworth Jr David J Coles Albert Castel Derek W Frisby Weymouth T Jordan Jr Gerald W Thomas Bryce A Suderow Chad L Williams and Mark Grimsley
