Slaying Dragons Daniel Kolenda, 2020-01-07 The real fight is the one you can't see. The supernatural realm is very real and it directly impacts our day to day lives. Often spiritual battles lie behind our everyday struggles. Though the spiritual world is invisible, we are not unaware of the enemy's schemes. Through God's Word and the power of the Holy Spirit, we are equipped to be more than conquerors through Christ. With doctrinally sound practical teaching, *Slaying Dragons* shows how the demonic realm fits into orthodox thoughts on salvation, redemption, and kingdom life. Daniel Kolenda demystifies spiritual warfare to shine light on what the enemy is doing in readers' lives and what they can do to slay every dragon they encounter. It also contains real world examples of encounters with spiritual darkness, demonstrating examples of how the light shines in the darkness and the darkness has not overcome it. John 1:5 NIV. It's easy to lose sight of the big picture as we focus on our everyday struggles. But our daily battles are part of a much bigger war, and we have been given all we need to win. *Slaying Dragons* will show readers what the enemy is trying to accomplish and how they can slay every dragon they encounter in their lives and in the world. This book will teach you to see and overcome the spiritual battles behind your everyday struggles. Also Available in Spanish ISBN 978 1 62999 283 9. Religion and the New Atheism Amarnath Amarasingam, 2010 The term new atheism has been given to the recent barrage of bestselling books written by Richard Dawkins, Sam Harris, Daniel Dennett, Christopher Hitchens, and others. These books and their authors have had a significant media presence and have only grown in popularity over the years. This book brings together scholars from religious studies, science, sociology of science, philosophy, and theology to engage the new atheism and place it in the context of broader scholarly discourses. This volume will serve to contextualize and critically examine the claims, arguments, and goals of the new atheism so that readers can become more informed of some of the debates with which the new atheists inevitably and at times unknowingly engage. This collection will prove to be most valuable to readers who wish to understand the implications and phenomenal success of the new atheism from a multidisciplinary perspective. The editor is to be congratulated for assembling such an impressive list of contributions. John F. Haught, Senior Fellow, Science, Religion, Woodstock Theological Center, Georgetown University. The new atheism, a species of secular fundamentalism, has excited a great deal of comment and controversy in recent years. *Religion and the New Atheism* raises the discourse to a new level. Randall Balmer, Episcopal Priest and author of *The Making of Evangelicalism*. Amarasingam's collection of original essays dealing with various aspects of the recent work of new atheists is a most engaging read. The chapters included offer a wide array of perspectives touching on numerous aspects and angles of New Atheism and its relationship to contemporary religion. While I most definitely did not agree with all of the contributions in the volume and while I am generally more supportive of the new atheists than I am of their detractors, I found this volume overall to be a compelling, engrossing, and provocative contribution. Phil Zuckerman, Associate Professor of Sociology, Pitzer.

College Author of Society Without God *Fat Chance* Ray Comfort, 2016-06-01 Most atheists don't know that there's never been an atheist president that no members of Congress are atheists and that in seven states it's illegal for atheists to run for office Atheists are convinced that atheism is intellectual when it's the exact opposite There is nothing more foolish than believing the scientific impossibility that nothing created everything Ray addresses this fact at the same time showing that there is credible scientific evidence for God and exposing what atheists are doing to the once great country This is a book that you can give to your partying and boozy neighbor your likeable but unsaved Uncle Fred or the Christian mom who is grieved that her beloved church going son has turned atheist America is having a revival of atheism and is being swallowed by moral darkness This book is a small but powerful light Written to help reach atheists because of the horrid reality of Hell Contains a clear gospel presentation to help Christians share the power of God's grace Here is the book to give away to those who are wandering into the darkness of atheism
