## **LONG AND SHORT ESSAY ON MY SCHOOL LIFE IN ENGLISH**

### **ESSAY ON MY SCHOOL LIFE – ESSAY 1 (200 WORDS)**

School is said to be a temple of knowledge, the very first place that introduced you to the world and more so your own self. My school life is all about the memories I deeply cherish. The memories of not only the fun, friendship and all the sport and extracurricular but also the way it helped me find my interests. I owe it all to my school life. It has made me who I am today.

My school life has been full of different experiences over the years. It gave various opportunities to develop not only my scholastic abilities but also the art and sport side. It supported me in my sports as well as exposed me to numerous types of people. All of this accounted to make me understand how to behave socially and in building a personality which I have today.

There are numerous things that make school life the best phase in one's life. All of this eventually is because we are young to do mistakes again and again till we realize, dumb enough to not think about people and do what we feel like doing, curious to know everything we can and most importantly still not exposed and contaminated with the evil feelings of this world. And all of this makes us build a personality of our own.
