Abbot Suger and Saint-Denis Paula Lieber Gerson, 1986 Suger abbot of the French abbey of Saint Denis lived from 1081 to 1151 This book of essays about his life and achievements grew out of a symposium sponsored by the International Center of Medieval Art and by Columbia University For the symposium twenty three medieval scholars from all parts of the world representing a wide range of humanistic disciplines were brought together to discuss the varied nature of Suger's activities Suger has been best known for his contributions as a patron of art and architecture As the essays in this volume devoted to Suger's political activities and historical writings demonstrate he was in addition to being a brilliantly innovative patron of architecture an important architect of the French state Only by bringing together differing humanistic perspectives on Suger and Saint Denis has it been possible to achieve for the first time a fully rounded appreciation of a man who was at the same time a patron of the arts and literature a politician who adroitly used his

ecclesiastical position to enhance the growth and power of the monarchy and a churchman consistently devoted to the promotion of the cult of Saint Denis the patron saint of his abbey and of France From publisher s description **Pick-me-up**,1893
