

The book is a collection of poems
 that are as much about the act of
 shoveling as they are about the
 things that are being shovelled.
 The poems are written in a simple,
 direct style that is both powerful
 and moving. The book is a
 testament to the power of poetry
 to capture the most ordinary
 moments of life and make them
 extraordinary. The book is a
 must-read for anyone who
 loves poetry and who wants to
 see how a simple act can be
 turned into a work of art.

Shoveling Shit Clearing The Mind Field:

Living Among South Carolina Outlaws Carl L. Poston Jr.,2013-01-16 The interior of South Carolina was a Lawless place In fact Northern Georgia to western Pennsylvania has always been lacking in law and order but in South Carolina after the Cherokee Indian War in 1761 what little law had existed deteriorated to almost none Indians were no longer a threat but bold outlaw gangs roamed and ravaged the country robbing killing and kidnapping ever bold enough to challenge the few Militia Here there was no law therefore no court or jail for any legal transaction a weeklong trip had to be made to Charlestown Seeing no help coming from the government in Charlestown citizens of the back country began organizing into vigilante groups called Regulators In 1766 John Poston II migrated from Pennsylvania with his two sons John III and Anthony to settle by Lynches Creek in Queensboro Township Here in the lawless frontier they struggled to make a home among the outlaws and Regulators Dissent Ralph Young,2017-11-07 Examines the key role dissent has played in shaping the United States focusing on those who from colonial times to the present dissented against the ruling paradigm of their time responding to what they saw as the injustices that prevented them from fully experiencing their vision of America Publisher s description

The Self Illusion Bruce Hood,2012-05-23 Most of us believe that we are unique and coherent individuals but are we The idea of a self has existed ever since humans began to live in groups and become sociable Those who embrace the self as an individual in the West or a member of the group in the East feel fulfilled and purposeful This experience seems incredibly real but a wealth of recent scientific evidence reveals that this notion of the independent coherent self is an illusion it is not what it seems Reality as we perceive it is not something that objectively exists but something that our brains construct from moment to moment interpreting summarizing and substituting information along the way Like a science fiction movie we are living in a matrix that is our mind In The Self Illusion Dr Bruce Hood reveals how the self emerges during childhood and how the architecture of the developing brain enables us to become social animals dependent on each other He explains that self is the product of our relationships and interactions with others and it exists only in our brains The author argues however that though the self is an illusion it is one that humans cannot live without But things are changing as our technology develops and shapes society The social bonds and relationships that used to take time and effort to form are now undergoing a revolution as we start to put our self online Social networking activities such as blogging Facebook Linkedin and Twitter threaten to change the way we behave Social networking is fast becoming socialization on steroids The speed and ease at which we can form alliances and relationships is outstripping the same selection processes that shaped our self prior to the internet era This book ventures into uncharted territory to explain how the idea of the self will never be the same again in the online social world **Jumping off the Devil'S Shovel** Renate v.K. Ruzich,2016-08-18 In early January of 1945 the horror of the Eastern Front inched ever closer to the estate of Stollen East Prussia The regional governor refused to allow soldiers and civilians to evacuate as the Soviet Army approached and orders were given to shoot on sight those found fleeing

the approaching terror It was not until January 22 that evacuation was allowed Renate von Kuenheim and her brother Gert held hands as they stood in the barns of their ancestral home in Stollen The thunder of artillery shells echoed in the distance and fear gave way to resignation Calmly they discussed the best ways to die a common topic among those who had heard the horror stories of the refugees from the east Their father had been drafted into the army in 1944 and was out there to the east somewhere alive or dead they did not know Their fate was now in the hands of a stepmother who despised them As head of the estate she was tasked with making decisions for their family and the twenty three families serving the estate Their stepmother resolutely refused to leave until on January 23 nobody was there to take her call at the local Nazi headquarters Renate von Kuenheim s terrifying flight westward began the next day Separated from her family and their villagers by the scheming of her stepmother the beautiful seventeen year old Renate was left alone with only her horse Tasha the clothes on her back a knife and the pistol her father had taught her to shoot with Her remarkable flight toward freedom lays before the reader tales of the horrors of war the strength of the human spirit and the love that can grow between a horse and master It is a true story many readers may find unbelievable

Graveyard Fields Steven Tingle, 2021-08-10 Filled with humor and twists Tingle s debut is a slow burn mystery that could only take place in the South for fans of Timothy Hallinan and Janet Evanovich Private detective Davis Reed didn t move to Cruso North Carolina looking for friends Down on his luck Davis narrowly escaped an anonymous attempt on his life and fled to the tiny mountain community in order to hide brew his own beer and put his detective days behind him to work on a non fiction book But as usual with Davis things aren t going to plan When he finds several keys on a mountain trail near the Blue Ridge Parkway Davis sets out to locate the rightful owner Upon discovering that one of the keys fits a vintage BMW owned by a man who s recently vanished Davis can t help but think the keys unlock a mystery or better yet a chest full of gold rumored to be hidden somewhere among the mountains of western North Carolina But keys that could lead to lost gold are a hot commodity and Davis needs to outsmart everyone from law enforcement officials to amateur treasure hunters who are willing to do anything to get their hands on them To make matters worse people from Davis s past are catching up to him Along with his new best friend Dale Johnson a local deputy who knows just how to push Davis s buttons and Dale s cousin Floppy a mad genius mechanic armed with a heart of gold and a mouth that never stops moving Davis tries desperately to find lost treasure start a romance with a smooth talking brewery owner and most importantly stay alive

How to Shovel Manure and Other Life Lessons for the Country Woman Gwen Petersen, 2010-08-15 It s not a job you want to take on without a sense of humor Oops it s not a job at all It s an all encompassing life being a country woman on the ranch or farm and with wit and equanimity like Gwen Petersen s it can be survived In fact with Petersen s help it can be drop dead hilarious A much loved cowgirl scribe in rare form Petersen eases us through the rigors of country living from raising chickens to shoveling manure to cooking Rocky Mountain oysters You d think midwifing a calf was no laughing matter until Gwen steps in with her expert advice She has wise counsel for sharing

the yard with a gaggle of ill tempered geese step by step instructions for harvesting pig manure and sound advice for staying cool through haying season and coping with the chaos of Christmas on the ranch or farm For good measure the book includes poems and recipes that will transport you to a country state of mind whether you hail from the city s busiest streets or the ranch s quietest gravel roads Equal parts handy how to advice rural humor philosophy and fond farm nostalgia How to Shovel Manure and Other Life Lessons for the Country Woman is all good **The Weekly Market Growers Journal** ,1908

Neurodynamics of Personality Jim Grigsby,David Stevens,2000-01-01 How is each individual s unique personality formed What is it about p ersonality that can change and why is change often so slow Promising approaches to these perennial questions are suggested by the explosio n of recent research in neuroscience and brain functioning This timel y volume presents a coherent empirically based and clinically useful framework for understanding personality Jim Grigsby and David Steven s illuminate links between the organization of the brain and the unfol ding of personality and show how different aspects of personality are mediated by the brain s nonconscious learning and memory systems Pro viding new insights for clinicians students and researchers this bo ok builds a critical bridge between existing psychological theories of personality and emerging knowledge in clinical neuroscience **Before I Knew** Scott Brian Montgomery,2021-09-23 Stuey Moore is in trouble again When he s not carving his initials on the family piano or stealing his mother s prized curling gloves for dubious winter sports the somewhat impulsive youngster is likely buying candy at Mr Beck s store or riding his bike up Hospital Hill after watching actual dog fights in the village of Sunderland Before I Knew A Village Boyhood on Vancouver Island is a fictionalized memoir set in the 1960s on the West Coast of British Columbia This coming of age book is brimming with vignettes and humorous personal anecdotes detailing a bygone era in a coal mining town whose heydays are dwindling It s a time when Vancouver Island s resource based industries lured Asian and European immigrants to the small village creating Stuey s friendships with boys nicknamed Foo and Norgy And it s a place where hidden from the watchful gaze of their parents kids ran across log booms floating on lakes looked for treasures at the town dump snuck glimpses at skin magazines and somehow returned home largely unscathed despite their shenanigans Told through Stuey s eyes Before I Knew beautifully blends Canadiana and nostalgia in snapshots that chronicle his life from childhood to his awakening as a young adult Detroit, Lenacrave and Cleveland Brooke!,2010-12 I was almost as hard headed as it gets while repeatedly insisting on missing and ignoring the entire point that Mom and a few others tried to get me to realize GET YOUR EDUCATION I still had some great times here and there every now and then and I can only imagine how beautiful my life would have been if I would have followed the The Golden Rules Some wonderful things have happened to me even though I still feel that I truly did not deserve or even know how to sincerely enjoy thoroughly but on the other hand some not so wonderful things have happened to me that I basically brought on myself as a direct result of not following The Golden Rules EDUCATION IS A MUST I know my family was not the only family that has gone through a divorce and I know there are millions of kids who

went through divorce without a scratch I am not blaming any of my failures as a man on the pitfalls of divorce but I can clearly see now that my character flaws were a direct hit stemming from the casualties of my parents divorce I did not ask to be me and I certainly did not ask or expect to be stuck on stupid for almost three tenths of a century It was what it was If I would have known their divorce would eventually effect me which I believe set the wheels in motion that turned towards me turning out the way I have I would have started Praying that night But I had no idea it would and neither did they I can only imagine how beautiful my life would have been if their marriage was meant to be but it was not about me Brooke
