Showdown English Edition:

Brazilian Fiction Robert E. DiAntonio, 1989 **Professional Journal of the United States Army**, 2007-07

Military Review, 2008 *János Bolyai Appendix* F. Kártész, B. Szénássy, 1987-01-01

The epoch making work of J nos Bolyai is presented here together with a supplement outlining Hungarian political and science history to help the reader to get acquainted with the miserable fate of J nos Bolyai and with his intellectual world A facsimile of a copy of Bolyai s original 1831 *Scientia Spatii* also known as the Appendix is included together with a translation Comments and notes and a survey of the effects of his work complete the volume **The Terrorist Argument** Christopher C. Harmon, Randall G.

Bowdish, 2018-01-09 From chants and pamphlets to the Internet terrorist propaganda can be deadly effective Propaganda used by terrorists and armed groups might not always be the most sophisticated or nuanced form of rhetoric but with the right mix of emotion and logic it can be extremely effective in motivating supporters and frightening opponents This book examines how terrorist groups in recent history have used propaganda and how they had adapted to new communications technologies while retaining useful techniques from the past Harmon and Bowdish trace how armed groups and terrorists around the globe have honed their messages for maximum impact both on the communities they hope to persuade to support them and on the official state organs they hope to overthrow Sometimes both the messages and the techniques are crude others are highly refined carefully crafted appeals to intellect or emotion embracing the latest forms of communications technology Whatever the ideas or methodology all are intended to use the power of ideas along with force to project an image and to communicate not merely intimidate The Terrorist Argument uses nine case studies of how armed groups have used communications techniques with varying degrees of success radio newspapers song television books e magazines advertising the Internet and social media It is fascinating reading for anyone interested in civil conflict terrorism communications theory and practice or world affairs in general *By Eastern Windows* William H. McDougall Jr., 2018-12-05

First published in 1949 in *By Eastern Windows* author William H McDougall recalls his experiences of his three years spent in prison camps in Sumatra *By Eastern Windows* is filled with stories of the heroism and sacrifice of priests doctors and simple men as well as of the disgraceful behaviour of deadbeats and chisellers It is written throughout in a spirit of humility and humble faith It packs a wallop Orville Prescott New York Times *By Eastern Windows* is a book that deals with the spirit of mankind at war and is directed to the spirit of mankind in peace Everyone who reads this book upon completion surely must agree with the author that there is no possible disarmament except in the hearts of men Grace S Nutley New York Eagle It is an amazing tale with humor lighting tragedy and heroism marking what might have been the sheerest of animal existences *By Eastern Windows* is perhaps the best book of its sort to date in that it is neither so objectively done that it misses the ever present human element nor so sentimentally reported that it fails to show both sides of the Japanese captors as they went somewhat bewilderedly about their tasks in a losing fight T M W Boston Traveler **Review of Current**

destroy every Jewish book in Germany This unprecedented effort to end the practice of Judaism throughout the empire was challenged by Jewish communities and unexpectedly by Johannes Reuchlin 1455-1522 the founder of Christian Hebrew studies In 1510 Reuchlin wrote an extensive impassioned and ultimately successful defense of Jewish writings and legal rights a stunning intervention later acknowledged by a Jewish leader as a miracle within a miracle The fury that greeted Reuchlin's defense of Judaism resulted in a protracted heresy trial that polarized Europe The decade-long controversy promoted acceptance of humanist culture in northern Europe and in several key settings created an environment that was receptive to the nascent Reformation movement The legal and theological battles over charges that Reuchlin's positions were impermissibly favorable to Jews a conflict that elicited intervention on both sides from the most powerful political and intellectual leaders in Renaissance Europe formed a new context for Christian reflection on Judaism David H Price offers insight into important Christian discourses on Judaism and anti-Semitism that emerged from the clash of Renaissance humanism with this potent anti-Jewish campaign as well as an innovative analysis of Luther's virulent anti-Semitism in the context and aftermath of the Reuchlin Affair This book is a valuable contribution to study of an important and complex development in European history Christians acquiring accurate knowledge of Judaism and its history *Africa Air University* (U.S.). Library, 1976

The Cold War and After Marc Trachtenberg, 2012-03-12 A new way of looking at international relations from a leading expert in the field What makes for war or for a stable international system Are there general principles that should govern foreign policy In *The Cold War and After* Marc Trachtenberg a leading historian of international relations explores how historical work can throw light on these questions The essays in this book deal with specific problems with such matters as nuclear strategy and U.S.-European relations But Trachtenberg's main goal is to show how in practice a certain type of scholarly work can be done He demonstrates how in studying international politics the conceptual and empirical sides of the analysis can be made to connect with each other and how historical theoretical and even policy issues can be tied together in an intellectually respectable way These essays address a wide variety of topics from theoretical and policy issues such as the question of preventive war and the problem of international order to more historical subjects for example American policy on Eastern Europe in 1945 and Franco-American relations during the Nixon-Pompidou period But in each case the aim is to show how a theoretical perspective can be brought to bear on the analysis of historical issues and how historical analysis can shed light on basic conceptual problems

Faith, Film and Philosophy R. Douglas Geivett, James S. Spiegel, 2009-09-20 Those who tell stories rule society Plato So who today are our principal storytellers Not philosophers but filmmakers For those who know both the enormous entertainment potential and the culture-shaping power of film this book will stir mind and imagination For great stories freight world-sized ideas ideas worthy of contemplation and conversation Great cinema inspires wonder But another philosopher Aristotle reminds us that wonder is the true source of philosophy So perhaps Plato or Aristotle might have a shot at ruling society even today if they took an interest in film These fourteen essays

consider classic and current films together with several major philosophical themes all within the context of Christian faith 1 the human condition 2 the human mind and the nature of knowing 3 the moral life and 4 faith and religion Citizen Kane Big Fish and Pretty Woman contribute to an in depth consideration of the human condition The Truman Show The Matrix Being John Malkovich and It s a Wonderful Life among others illuminate reflection on the human mind and the nature of knowing Looking at the moral life contributors interact with such notable films as Pleasantville Bowling for Columbine Mystic River and The Silence of the Lambs The final section pursues the theme of faith and religion traced through a number of Hong Kong martial arts films Contact 2001 A Space Odyssey and U2 s music documentary Rattle and Hum A veritable film festival for all those who want to nurture the wonder of philosophical inquiry and the love of Christian theology through an engagement with the big ideas on the big screen
