**Scotland's Castles** Janet Brennan-Inglis, 2014-07-07 Scotland's Castles is a beautifully illustrated celebration and account of the renaissance of Scottish castles that has taken place since 1950. Over 100 ruined and derelict buildings from tiny towers to rambling baronial mansions have been restored as homes, hotels and holiday lets. These restorations have mainly been carried out by new owners without any connections to the land or the family history of the buildings which they bought as ruins. Their struggles and triumphs, including interviews and first person accounts, form the core of the book, set in the context of the enormous social, political and economic changes of the late twentieth century. Gazetteer of over 500 hundred surviving Scottish Castles. Discover the castles of Scotland from early motte and bailey earthworks and impressive walled enclosures to the many tower houses that dot the landscape. Castles were built in increasing numbers from the 14th to the 17th century as residences for the Scottish nobility. Some are still proudly occupied, others are well maintained ruins, many others slowly decay in fields and farmyards. Here Adrian Pettifer provides a brief account of every Scottish castle to survive in a reasonable state of preservation, including such iconic sites as Edinburgh, Glamis and Cawdor. Each of the more than five hundred main entries provides a brief history and description of a castle, followed by advice on accessibility, sources for further reading and cross references to related sites. An introduction supplies the historical background while a glossary covers all aspects of Scottish castles in some detail. Ordnance Survey references are given in the index.

**A Passion for Castles** Janet Brennan-Inglis, 2022-10-06 In the 1880s two Edinburgh architects began to survey, measure and sketch the castles of Scotland, travelling the length and breadth of the country on trains, bicycles and on foot. Together they produced the five magnificent volumes of *The Castellated and Domestic Architecture of Scotland*, an unrivalled work of research that surveys more than 700 of Scotland's castellated buildings, ranging from great medieval fortresses to small lairds' houses with pepper pot turrets, and is illustrated with thousands of sketches and plans. The first part of *A Passion for Castles* tells the life stories of David MacGibbon and Thomas Ross and their work as Edinburgh architects before they embarked on their magisterial survey, revealing interesting and previously unknown details about the two men. The second part of the book sets their enormously ambitious castles project in its historical context and describes how MacGibbon and Ross managed to achieve their pioneering systematic and comprehensive survey. The final part of the

book provides a regional overview of the current status of all the castles surveyed by MacGibbon and Ross followed by a thematic exploration of those that have been lost those that have been transformed and those at risk of collapse before posing questions about what the future holds for the castles of Scotland      **Scotland's Castles** Janet R. Inglis,2011

Barholm Castle Janet Brennan-Inglis,2025-07-17 In 1999 Barholm Castle in Galloway had lain ruinous and derelict for over two hundred years when Janet Brennan Inglis and her husband John bought it as a restoration project Together with a team of architects surveyors and builders overseen by Historic Scotland they turned this sixteenth century tower house into a domestic residence once again this time with central heating bathrooms and a twenty first century kitchen Since the restoration they have researched the history of Barholm Castle and the McCulloch family who owned it the stories they uncovered and the account of the painstaking restoration of Barholm Castle are told in this book Having restored the tower Janet and John turned their attention to the ground around it and set about developing a very special garden landscape The third part of the book describes the process of transforming the wild area surrounding the castle into a series of mature gardens providing a colourful and dramatic setting for the castle      *Scotland in 100 Buildings* Roger Emmerson,2025-05-08

*Scotland in 100 Buildings* by architect Roger Emmerson is a captivating journey through the architectural marvels of Scotland seen uniquely through Emmerson s personal experiences This isn t a dry history or textbook it s a lively intimate account where each building tells its own story Emmerson has visited every site featured offering first hand insights that bring these places to life from iconic landmarks to hidden gems His reflections aim to inspire readers to explore for themselves rather than simply inform making this book easy to pick up at any page Ideal for architecture enthusiasts travellers and locals alike *Scotland in 100 Buildings* will appeal to anyone curious about Scotland s diverse buildings and the personal tales they inspire It s perfect for those seeking an approachable and authentic look at Scotland s architectural legacy      **Land of Stone** Roger Emmerson,2022-12-06
