Covering the central issues and underlying legal principles, the book outlines liability in negligence and contract with specific reference to the banking practice and existing case law concerning banks in this field. The book begins with a consideration of the nature of the general banker customer relationship, the obligations it poses and the issues relating to the commencement of the banking relationship. The following chapters address the various activities undertaken by a lender and the issues which might arise: the duty of confidentiality, lenders as fiduciaries, the lender's duty to advise borrowers on the imprudence of transactions, fraud, banks as constructive trustees and damages for breach of contract by a lender will all be considered. The final chapters explore the duties of security holders and mortgagees of land, the liability of lenders for receivers they appoint, environmental liability and lender liability as shadow directors concerning wrongful trading.

The Oxford Handbook of Judaism and Economics Aaron Levine, 2010-11-12 The interaction of Judaism and economics encompasses many different dimensions. Much of this interaction can be explored through the way in which Jewish law accommodates and even enhances commercial practice today and in past societies. From this context, The Oxford Handbook of Judaism and Economics explores how Judaism as a religion and Jews as a people relate to the economic sphere of life in modern society as well as in the past. Bringing together an astonishingly strong group of top scholars, the volume approaches the subject from a variety of angles, providing one of the most comprehensive, well rounded and authoritative accounts of the intersections of Judaism and economics yet produced. Aaron Levine first offers a brief overview of the nature and development of Jewish law as a legal system, then presents essays from a variety of angles and areas of expertise. The book offers contributions on economic theory in the bible and in the Talmud, on the interaction between Jewish law, ethics, modern society and public policy, then presents
