Vaughans, Warren Spielberg, 2014-06-30 Drawing on personal insights and research based knowledge this important work facilitates understanding of the psychological struggles of young African American males and offers ameliorative strategies Despite examples set by successful black men in all walks of life the truth remains that a disproportionate number of black boys and young men underperform at school suffer from PTSD and too often find themselves on a pathway to jail The two volume *The Psychology of Black Boys and Adolescents* marks the first attempt to catalog the many psychological influences that can stack the deck against black male children and to suggest interventions Bringing together an expansive collection of new and classic research from a wide variety of disciplines this set sheds light on the complex circumstances faced by young black men in the United States Contributions by authors Kirkland Vaughans and Warren Spielberg contain insights from the groundbreaking Brotherman study conducted over a ten year period to report on the lives and psychological challenges of over a hundred African American boys and their families Among the myriad issues studied in this set are the often negative expectations of society the influence of gangs and the impact of racism and poverty Of equal importance the work explores culturally specific ways to engage families youths communities and policymakers in the development of healthy safe educated boys who will become whole and successful adults

Cross-cultural Visions in African American Modernism

Yoshinobu Hakutani, 2006 Yoshinobu Hakutani traces the development of African American modernism which initially gathered momentum with Richard Wright's literary manifesto *Blueprint for Negro Writing* in 1937 Hakutani dissects and discusses the cross cultural influences on the then burgeoning discipline in three stages American dialogues European and African cultural visions and Asian and African American cross cultural visions In writing *Black Boy* the centerpiece of the Chicago Renaissance Wright was inspired by Theodore Dreiser Because the European and African cultural visions that Wright Ralph Ellison Alice Walker and Toni Morrison acquired were buttressed by the universal humanism that is common to all cultures this ideology is shown to transcend the problems of society Fascinated by Eastern thought and art Wright Walker Sonia Sanchez and James Emanuel wrote highly accomplished poetry and prose Like Ezra Pound Wright was drawn to classic haiku as reflected in the 4 000 haiku he wrote at the end of his life As W B Yeats's symbolism was influenced by his cross cultural visions of noh theatre and Irish folklore so is James Emanuel's jazz haiku energized by his cross cultural rhythms of Japanese poetry and African American music The book demonstrates some of the most visible cultural exchanges in modern and postmodern African American literature Such a study can be extended to other contemporary African American writers whose works also thrive on their cross cultural visions such as Amiri Baraka Ishmael Reed Charles Johnson and haiku poet Lenard Moore

Militant Visions Elizabeth Reich, 2016-08-01

Militant Visions examines how from the 1940s to the 1970s the cinematic figure of the black soldier helped change the ways American moviegoers saw black men for the first time presenting African Americans as vital and integrated members of the nation In the process Elizabeth Reich reveals how the image of the proud and powerful African American serviceman was crafted by an unexpected alliance of government propagandists civil rights activists and black filmmakers Contextualizing the figure in a genealogy of black radicalism and internationalism Reich shows the evolving images of black soldiers to be inherently transnational ones shaped by the displacements of diaspora Third World revolutionary philosophy and a legacy of black artistry and performance Offering a nuanced reading of a figure that was simultaneously conservative and radical Reich considers how the cinematic black soldier lent a human face to ongoing debates about racial integration black internationalism and American militarism Militant Visions thus not only presents a new history of how American cinema represented race but also demonstrates how film images helped to make history shaping the progress of the civil rights movement itself

Veiled Visions David Fort Godshalk,2006-05-18 In 1906 Atlanta after a summer of inflammatory headlines and accusations of black on white sexual assaults armed white mobs attacked African Americans resulting in at least twenty five black fatalities Atlanta s black residents fought back and repeatedly defended their neighborhoods from white raids Placing this four day riot in a broader narrative of twentieth century race relations in Atlanta in the South and in the United States David Fort Godshalk examines the riot s origins and how memories of this cataclysmic event shaped black and white social and political life for decades to come Nationally the riot radicalized many civil rights leaders encouraging W E B Du Bois s confrontationist stance and diminishing the accommodationist voice of Booker T Washington In Atlanta fears of continued disorder prompted white civic leaders to seek dialogue with black elites establishing a rare biracial tradition that convinced mainstream northern whites that racial reconciliation was possible in the South without national intervention Paired with black fears of renewed violence however this interracial cooperation exacerbated black social divisions and repeatedly undermined black social justice movements leaving the city among the most segregated and socially stratified in the nation Analyzing the interwoven struggles of men and women blacks and whites social outcasts and national powerbrokers Godshalk illuminates the possibilities and limits of racial understanding and social change in twentieth century America
