Chinedu Daniel Obasi, Chinedu Daniel Obasi s latest literary contribution The Green Sabbath and the Last Vista of Hope is the result of a careful examination of numerous newsworthy occurrences transpiring on the world stage and their apocalyptic implications Readers will be soberly intrigued by how intertwined these occurrences are and how they crystalize and verify the predictions made by Daniel the apostle John and other Bible prophets Obasi begins by highlighting several environmental and ecological developments and their parallels to what Jesus called the early birth pangs of end time unfolding From here he points to the responses from political and ecclesiastical leaders regarding these developments and how this is all laying the foundation for the diminishing of religious and civil liberty as foretold in Revelation 13 While this well researched book

discusses many topics including global warming Catholicism the old and new covenants and Islam the author skillfully ties everything together to alert as many as possible to the solemn times in which we live and the need to increase awareness and preparedness However his greatest emphasis is on the One who is truly in charge of the past present and future the One in whom we can place our confidence
