Book for the New Generations. Volume I** Bijon Karmakar,2022-05-15 The idea of writing this book is MYTHOLOGY PHILOSOPHY and Science Book for the New Generations Volume I is about a slight breakthrough as an expansion project of Physics values As a bio intelligent species in general we have the limitation of directly accessing the frame of objects and objectual items like matters materials and the Materialistic groups shaped from diversifying grades of energies as a unit value sack of energy or their union as mass state energy Clinching and respecting the esteemed formula $E = mc^2$ which defined the equivalence relationship with differentially shaped Mass energy And hailing the highest degree of intelligent scientist through whom Energy God introduced this formula $E = mc^2$ as a complete hidden pack of all differential values works of objects keeping the position of E Energy God a universally constant in the Universe I intend to place a new Idea about the birth of the Universe from the True Singularity position of the Supreme Universe Besides in the viewpoint of energy minimum way attempted to convince our position as bio species in this adaptable nature surviving in support of bio grade energy sources somehow someway connected throughout the distant alien species in different Cosmical Universes and even the Universe The supreme energy or say Pure energy is an inexhaustible state cohesion represented with composites containments Like energy elements and intrinsic elemental values that all are at inert state in the Supreme universe From the viewpoint of the object s say all the infinite numbers of diversifying properties of energy components like energy elements and their working essence as elemental value in a unit value pure energy completely at an absolute null position in every aspect differential way justifying ideologies Accordingly an imaginable unit

value Pure energy presumed as Absoluteness status and the Supreme Universe is State of Absoluteness The Supreme Universe is the creator of our Universe So the Universe is an offspring of the Supreme universe a great great Grandmom of all objects and objectual products persistently appearing and seemingly disappearing in the matured 2nd energy belt of the Universe The Universe is restraining as an unconditional buoyant state with ever fixedness at a particular spatial point in the crammed of pure energies in the Supreme Universe A little elaboration about the hidden treasure of the highly respected formula $E = mc^2$ The $E = mc^2$ mass area to the power square a framework of matter as energy mass energy components as a unit value frame of the matter or material product that acknowledges by the bio Intelligent system Accordingly if endeavor expands that idea entirely for the matured Universe and the observable and non observable Cosmical universes in the 2nd energy belt it may widen the bio earthly way of defining limited areas of physics and physics value By keeping the Energy or Energy God as a Universal Constant position including its components infinite amount of Energy elements intact Like E Energy Energy God Unit s of Sack of Energy containing with Energy elements Inherent essence of Elemental values as a frame Objects and objectual products may consider as mass energy covered some areas under the flagship of Zero status stable position or predisposing constancy Further attempt to convince to equate with intellectually presented Physics and Physics values by borrowing a mathematical symbol that is and say Energy element physics and elemental value physics value So from the viewpoint of energy All accessible and inaccessible works of energies and their progenies as object s have equivalent relations throughout the matured 2nd energy belt
