Resources in Education ,1990 *Understanding Scientific Theories of Origins* Robert C. Bishop,Larry L.

Funck,Raymond J. Lewis,Stephen O. Moshier,John H. Walton,2018-12-04 From five authors with over two decades of experience teaching origins together in the classroom this is the first textbook to offer a full fledged discussion of the scientific narrative of origins from the Big Bang through humankind from biblical and theological perspectives This work gives the reader a detailed picture of mainstream scientific theories of origins along with how they fit into the story of God s creative and redemptive action

Philosophical Theorizing and its Limits Uri D. Leibowitz,Klodian Coko,Isaac Nevo,2025-02-12 This book brings together scholars from ethics and philosophy of science in order to identify ways in which insights gleaned from one subfield can shed light on the other The book focuses on two radical Anti Theory movements that emerged in the 1970 s and 1980 s one in philosophy of science and the other in ethics Both movements challenged attempts to supply general systematized philosophical theories within their domains and thus invited the reconsideration of what philosophical theorizing can and should offer Each of these movements was domain specific that is each criticized the aspirations to philosophical theories within its own domain and advanced arguments aimed at philosophers within their own specific subfield The innovative systematic comparative examination of these movements by scholars from each domain sheds new light on some familiar debates offers new and exciting paths of research to pursue in each domain provides insight into

the place of science and ethics in contemporary life and culture and enables a fresh view on the longstanding and alluring philosophical aspiration for a fully general absolute theory of reality and an ultimate objective foundational theory of knowledge *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1968 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December **SCM Studyguide: Philosophy and the Christian Faith** Ben Pugh ,2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new The goal posts keep changing This study guide will equip theology students to understand the culture shaping beliefs that are driving the kinds of questions it brings to faith It will be an historical overview of the key stages in the history of Western philosophy with each section carefully tracing the genealogical line of ideas and the Christian responses to them right up to the present day For most theology students learning abstract philosophical concepts involves literally learning a new language a language that the initiated converse in with ease but which leaves the uninitiated baffled Thus each chapter in this study guide opens with a glossary of terms Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts for example they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism or to describe how something very like the extreme subjectivity of idealism can sometimes shows itself in Sunday morning worship
