Handbook of Human and Social Conditions in Assessment is the first book to explore assessment issues and opportunities occurring due to the real world of human cultural historical and societal influences upon assessment practices policies and statistical modeling With chapters written by experts in the field this book engages with numerous forms of assessment from classroom level formative assessment practices to national accountability and international comparative testing practices all of which are significantly influenced by social and cultural conditions A unique and timely contribution to the field of Educational Psychology the Handbook of Human and Social Conditions in Assessment is written for researchers educators and policy makers interested in how social and human complexity affect assessment at all levels of learning Organized into four sections this volume examines assessment in relation to teachers students classroom conditions and cultural factors Each section is comprised of a series of chapters followed by a discussant chapter that synthesizes key ideas and offers directions for future research Taken together the chapters in this volume demonstrate that teachers test creators and policy makers must account for the human and social conditions that shape assessment if they are to implement successful assessment practices which accomplish their intended outcomes

Life Lessons Melissa Benn, 2018-10-09 A radical agenda to make our education system fit for the twenty first century Our education system has been damaged by politicians who have arrogantly imposed a regime of market driven reforms It is time to reframe education as an essential public good one arising from a hunger to find more engaging ways to learn and the powerful imperative to make our society genuinely equal In this timely and provocative essay Melissa Benn argues for a National Education Service Like the NHS the NES would provide the framework for a life long entitlement to education from early years provision to apprenticeships universities and adult education It should be free at the point of delivery It should nurture teachers and scholarship moving beyond an obsession with exam results to create fully rounded questioning citizens Its eventual aim should be an integrated comprehensive system available to all

Disciplinary Literacy and Explicit Vocabulary Teaching: A whole school approach to closing the attainment gap Kathrine Mortimore, 2020-12-15 Firmly rooted in research evidence of what works within the classroom for our most disadvantaged students Disciplinary Literacy and Explicit Vocabulary Teaching offers teachers and school leaders practical ways in which those students who are behind in their literacy capabilities can make excellent progress Building on the work of Geoff Barton in his influential book Don't Call it Literacy Kathrine Mortimore outlines the unique literacy challenges posed by specific subject areas for those with weaker literacy skills and more importantly how these challenges can be addressed and overcome A student's GCSE results are vital in giving them the choices they deserve in order to go on to the next stage of their academic careers This book draws on the success stories of schools and subjects that have made significant improvements in the outcomes of the children they teach regardless of their starting points From the inevitable success of Michaela Community school to the gains made by the English department at Torquay Academy and the rapid reading improvements at Henley Bank this book draws on both whole school initiatives and subject specific

strategies which have had proven success This book places a wide and balanced knowledge rich curriculum at the centre of any school improvement strategy designed to improve literacy and illustrates the role that all subjects must combine to play in building the vital background knowledge and vocabulary that young people need in order to read independently This curriculum must then be delivered using those teaching methods that have had the greatest impact on disadvantaged learners and this book sets out how the methodology of direct and explicit instruction can be adopted within each subject area Alongside this is a useful summary of staff development and inset which offers practical ways in which teachers adoption of these effective strategies can be facilitated There are also useful sections on creating a whole school dictionary of essential vocabulary creating a culture of reading and writing and also those key literacy barriers experienced by those students with some of the most common special educational needs [Current Index to Journals in Education](#) ,1991
