Robert Mugabe Sue Onslow, Martin Plaut, 2018-03-05 Zimbabwe's President Robert Mugabe sharply divides opinion and embodies the contradictions of his country's history and political culture As a

symbol of African liberation and a stalwart opponent of white rule he was respected and revered by many This heroic status contrasted sharply in the eyes of his rivals and victims with repeated cycles of gross human rights violations Mugabe presided over the destruction of a vibrant society capital flight and mass emigration precipitated by the policies of his government resulting in his demonic image in Western media This timely biography addresses the coup led by some of Mugabe s closest associates that forced his resignation after thirty seven years in power Sue Onslow and Martin Plaut explain Mugabe s formative experiences as a child and young man his role as an admired Afro nationalist leader in the struggle against white settler rule and his evolution into a political manipulator and survivalist They also address the emergence of political opposition to his leadership and the uneasy period of coalition government Ultimately they reveal the complexity of the man who stamped his personality on Zimbabwe s first four decades of independence

*Emergent Possibilities for Global Sustainability* Phoebe Godfrey,Denise Torres,2016-06-17 It must be acknowledged that any solutions to anthropogenic Global Climate Change GCC are interdependent and ultimately inseparable from both its causes and consequences As a result limited analyses must be abandoned in favour of intersectional theories and practices Emergent Possibilities for Global Sustainability is an interdisciplinary collection which addresses global climate change and sustainability by engaging with the issues of race gender and class through an intersectional lens The book challenges readers to foster new theoretical and practical linkages and to think beyond the traditional and oftentimes reductionist environmental science frame by examining issues within their turbulent political cultural and personal landscapes Through a variety of media and writing styles this collection is unique in its presentation of a complex and integrated analysis of global climate change and its implications Its companion book Systemic Crises of Global Climate Change addresses the social and ecological urgency surrounding climate change and the need to use intersectionality in both theory and practice This book is a valuable resource for academics researchers and both undergraduate and post graduate students in the areas of Environmental Studies Climate Change Gender Studies and International studies as well as those seeking a more intersectional analysis of GCC

*Combating Antimicrobial Resistance - A One Health Approach* Ghassan M. Matar,Antoine Andremont,2020-02-14 New South African Review 6 Devan Pillay,Gilbert M Khadiagala,Roger Southall,Sarah Mosoetsa,Samuel Kariuki,2018-01-29 Wide ranging essays demonstrate how the consequences of inequality extend throughout society and the political economy Despite the transition from apartheid to democracy South Africa is the most unequal country in the world Its extremes of wealth and poverty undermine

intensifying struggles for a better life for all The wide ranging essays in this sixth volume of the New South African Review demonstrate how the consequences of inequality extend throughout society and the political economy crippling the quest for social justice polarising the politics skewing economic outcomes and bringing devastating environmental consequences in their wake Contributors survey the extent and consequences of inequality across fields as diverse as education disability agrarian reform nuclear geography and small towns and tackle some of the most difficult social political and economic issues How has the quest for greater equality affected progressive political discourse How has inequality reproduced itself despite best intentions in social policy to the detriment of the poor and the historically disadvantaged How have shifts in mining and the financialisation of the economy reshaped the contours of inequality How does inequality reach into the daily social life of South Africans and shape the way in which they interact How does the extent and shape of inequality in South Africa compare with that of other major countries of the global South which themselves are notorious for their extremes of wealth and poverty South African extremes of inequality reflect increasing inequality globally and The Crisis of Inequality will speak to all those general readers policy makers researchers and students who are demanding a more equal world

**Meatsplaining** Jason Hannan, 2020-10-01 The animal agriculture industry like other profit driven industries aggressively seeks to shield itself from public scrutiny To that end it uses a distinct set of rhetorical strategies to deflect criticism These tactics are fundamental to modern animal agriculture but have long evaded critical analysis In this collection academic and activist contributors investigate the many forms of denialism perpetuated by the animal agriculture industry What strategies does the industry use to avoid questions about its inhumane treatment of animals and its impact on the environment and public health What narratives myths and fantasies does it promote to sustain its image in the public imagination powerful timely and essential David Nibert author of Animal Oppression and Human Violence Domesecration Capitalism and Global Conflict Meatsplaining equips us to identify the lies at the heart of animal agriculture It s an excellent and timely compilation on an exceedingly vexing problem Carol J Adams author of The Sexual Politics of Meat and Burger Meatsplaining is the first book to give an apt name to the animal agriculture industry s relentless campaign of disinformation and denialism Written in a clear lively and accessible style Meatsplaining will surely educate the public about the horrors of animal agriculture Marc Bekoff author of The Animals Agenda Freedom Compassion and Coexistence in the Human Age Cruelty thrives in secrecy and the meat industry is highly skilled at concealing the routine abuse and misery that flourishes on modern farms Meatsplaining cuts through the spin and exposes the meat industry s massive PR machine It explores how Big Meat uses language obfuscation and denial to misdirect the public s attention away from its commodification of sentient animals environmental devastation and the looming health crisis caused by eating animals This book is a must read for animal advocates and anyone else who no longer wants to be lied to Camille Labchuk Executive Director Animal Justice This book provides a necessary corrective to the fantasy world created by meat industry propaganda As we grapple with a global zoonotic pandemic and

biodiversity crisis it is urgent for us to start thinking clearly about who and what is on our plates John Sorenson Brock University
