

The New Jersey Visiting Committee is pleased to submit the 2008 Annual Report to the Minister for Justice.

It is essential that members of V.C.'s are, and remain, an independent monitoring body. For general information we set out a draft of the main points of the 1925 Regulation under which V.C.'s are appointed. This was compiled by ourselves and we have sought clarification from the Department of Justice on the accuracy of this. We are still awaiting a response.

- > Each visiting committee shall appoint a Chairperson
- > V.C.'s should meet once a month, but no less than 6 times a year.
- > 3 members shall constitute a quorum.
- > Minutes must be kept of all meetings.
- > V.C. members are entitled to visit the prison at any time and have free access to all areas.
- > They are empowered to inspect the books of the prison.
- > V.C.'s shall hear and investigate any complaints by prisoners and if requested listen to these in private.
- > May hear appeals from a prisoner to a decision of a Governor or Officer to impose a penalty on a prisoner.
- > Frequently inspect the diet-tablets of prisoners.
- < Liaise with the Governor and general management of the prison.

Visiting Board Report June 2008:

Report on the Foreign Policy of the Czech Republic République Tchèque. Ministerstvo zahraničních věcí, 2009-01-01

Yearbook of the European Convention for the Prevention of Torture and Inhuman or Degrading Treatment or Punishment/Annuaire de la convention européenne pour la prévention de la torture et des peines ou traitements inhumains ou dégradants Council of Europe/Conseil de l'Europe, 2017-10-23

The European Convention for the Prevention of Torture and Inhuman or Degrading Treatment or Punishment was adopted by the Committee of Ministers of the Council of Europe in June 1987. It entered into force in February 1989 and all 47 member States are Parties to the Convention. The Convention has already established itself as an important human rights instrument. Its approach is quite different from that of the European Convention on Human Rights. Whereas the ECHR provides a remedy for particular human rights violations after the event, the Convention for the Prevention of Torture (ECPT) seeks to prevent human rights violations through a system of visits to places of detention. The Convention is intended to be an integrated part of the Council of Europe system for the protection of human rights, placing a proactive non-judicial mechanism alongside the reactive judicial mechanism established under the ECHR. The Yearbook of the European Convention for the Prevention of Torture offers an essential annual overview of developments in relation to the ECPT. Part One contains information on ratifications and other such issues in the authentic English and French texts. Part Two has details in English and French of the membership and activities of the Convention. Part Three reprints the twenty-first annual General Report of the ECPT in the official English and French texts. Part Four contains the ECPT's reports to States and the State responses thereto that were made public during the year in question. The ECPT's reports are published in the official English and/or French texts and State responses in the English and/or French versions submitted by the States concerned. Bilingual English and French 2 volume set

The Architect in Practice David Chappell, Michael H. Dunn, 2016-01-26

Throughout its many editions, *The Architect in Practice* has remained a leading textbook used in the education of architects. While the content of the book has developed, the message and philosophy has remained constant to provide students of architecture and young practitioners with a readable guide to the profession, outlining an architect's duties to their client and contractor, the key aspects of running a building contract, and the essentials of management, finance, and drawing office procedure. The eleventh edition follows in that tradition. The text has been brought up to date to ensure it follows the new RIBA Plan of Work 2013 as the guide to the architect's workflow. In addition, a number of changes to standard forms of contract were made with the publication of the JCT 2011 suite of contracts and the RIBA Standard Form for the Appointment of an Architect 2010/2012 Revision. These new forms are fully covered. In addition, the opportunity has been taken to reorganise the layout so that the content flows in a way that is more consistent with current architectural practice and to deal with the increasing use of BIM. The eleventh edition of *The Architect in Practice* continues to provide the guidance and advice all students and practising architects need in the course of their studies and in their
