significant impact on educational pedagogy in recent years Despite burgeoning literature on the efficacy and implementation  
of CLIL there remains a gap between CLIL and English Language Teaching ELT Many practitioners wonder how they can do  
CLIL if their main classes are focused on English as a Foreign Language EFL This volume addresses these concerns by  
examining the experiences of various CLIL practitioners in the EFL context of Japan Chapters outline the CLIL methodology  
the differences in hard CLIL subject led and soft CLIL language oriented before focusing on the EFL interpretations of soft  
CLIL Although the distinction of hard CLIL and soft CLIL has been mentioned in several publications this is the first book  
length exploration of this issue featuring chapters examining expectations challenges material support implementation and  
even motivation in CLIL classrooms All of this culminates in a review of the potential and future of CLIL in EFL contexts  
paving the way for more widespread and well informed implementation of CLIL all over the world
