*Innovations and Creations* George Manus,2018-04-09 My main hobby became inventions and creations mainly related to Golf I took it as my first challenge to construct the most compact collapsible Golf Trolley ever seen As a consequence of working with the above mentioned challenge thoughts about reinventing the wheel was quite logical as many golfers prefer to use an electric trolley As I am a keen golfer myself I constantly had in mind how one could improve ones game by means of training aids I first concentrated on a well known challenge that most of us amateur golfer are facing namely to keep the head and eyes behind the golf ball at impact Not to confuse the reader too much it is certainly difficult enough to understand a lot of the contents in the book I decided to split between the various groups of developments leading to what in the end became Golf Trolleys MACWheel The Short Game Coach Golf Putters and Other Training Aids for Golf Along the way I have made some simple

documentation and taken photos of some of the models I made mainly to prove the feasibility of the ideas and as background for the patent office to make drawings and to get an understanding of the various principles I make excuses for my poor photo graphical skills I have in this book tried to give an extract of what I have been through in my inventive world as a pensioner so far by presenting some of the material following the sequence of the time when the ideas were tested Very little can give me more pleasure than the challenge and excitement forming part of creating something that one think no one else has done as for example to reinvent the wheel Who can be so stupid as to try that The South of Spain autumn 2014 George Manus     **The Independent Film Producers Survival Guide: A Business and Legal Sourcebook** Gunnar
