## **Persepolis Study Guide Questions:**

**Study Guide for Decoding Persepolis** Steven Smith, 2023-11-10 Decoding Persepolis takes the reader deep into Marjane Satrapi's Persepolis: The Story of a Childhood offering a comprehensive look into the memoir's exploration of character dynamics, themes, symbolism, and the overarching narrative. The guide begins by exploring Marjane's intricate relationships with her family and friends, which form the emotional backbone of the story. Throughout the memoir, Marjane navigates a labyrinth of conflicts mirroring the tumultuous environment of revolutionary Iran. These conflicts range from internal struggles with faith and identity to confrontations with societal norms, the education system, and the broader political turmoil that envelops her country. This guide examines the author's use of potent symbolism throughout the narrative, using elements like the veil, keys to paradise, and cigarettes to convey repression, manipulation, and rebellion themes. The climax of the story is reached with Marjane's increasing rebellion against societal norms, leading to her parents' decision to send her to Austria. This moment of departure marks a significant transition in her life, symbolizing not just a physical departure but also a departure from childhood. Persepolis provides a deeply personal glimpse into a critical period of Iranian history, inviting readers to reflect on the intersections of politics, family, and personal development. Through its exploration of Marjane's growth amidst political upheaval, Decoding Persepolis aims to enhance students' understanding of the memoir, unpacking Satrapi's complex themes and narrative strategies.

*Persepolis Discovery and Afterlife of a World Wonder* presents the first full study of the history of archaeological exploration at Persepolis after its destruction in 330 BC. Based in part on archival evidence, anecdotal information and unpublished documents, this book describes in detail the history of archaeological exploration, visual documentation and excavations at one of the most celebrated sites of the ancient world. The book addresses a broad audience of readers ranging from students of the archaeology, history and art history of ancient, medieval and modern Iran to scholars in Classical Studies and Ancient Near Eastern Studies. *OCR Ancient History AS and A Level Component 1* Charlie Cottam, David L. S. Hodgkinson, Steve Matthews, Lucy R. Nicholas, James Renshaw, 2017-08-24. This textbook is endorsed by OCR and supports the specification for AS and A Level Ancient History first teaching September 2017. It covers the whole of Component 1: both the compulsory Period Study and the three optional Depth Studies. Period Study: Relations between Greek states and between Greek and non-Greek states 492-404 BC by Steve Matthews and James Renshaw. Depth Study: The Politics and Society of Sparta 478-404 BC by Charlie Cottam. Depth Study: The Politics and Culture of Athens c. 460-399 BC by David L. S. Hodgkinson and James Renshaw. Depth Study: The Rise of Macedon 359-323 BC by Lucy Nicholas. How and why did a small group of city states defy the might of the Persian Empire? Why did the same city states subsequently descend into 60 years of conflict among themselves? Were Sparta and Athens very different? How did Alexander later redefine the Greek world? These are the sort of questions that you are required to consider for A Level Ancient History. This book investigates how the birth of democracy and the defeat of Persia allowed a flourish of political and philosophical thought that subsequently defined western civilisation. It further explores the contrasts between Spartan and Athenian culture. The ideal preparation for the final examinations: all content is presented by experts and experienced teachers in a clear and accessible narrative. Ancient literary and visual sources are described and analysed with supporting images. Helpful student features include study questions, further reading and boxes focusing in on key people, events and terms. Practice questions and exam guidance prepare students for assessment. Levack, Michael Maas, Edward Muir, Meredith Veldman, 2006-03-16. *Persian Kingship and Architecture* Sussan Babaie, Talinn Grigor, 2015-02-17. Since the Shah went into exile and the Islamic Republic was established in 1979 in the wake of the Iranian Revolution, the very idea of monarchy in Iran has been contentious. Yet as *Persian Kingship and Architecture* argues, the institution of kingship has historically played a pivotal role in articulating the abstract notion of Iran since antiquity. These ideas surrounding kingship and nation have in turn served as a unifying cultural force despite shifting political and religious allegiances. Through analyses of palaces, mausolea, art, architectural decoration and urban design, the

authors show how architecture was appropriated by different rulers as an integral part of their strategies of legitimising power. They refer to a variety of examples from the monuments of Persepolis under the Achaemenids, the Sassanian palaces at Kish, the Safavid public squares of Isfahan, the Qajar palaces at Shiraz, and to the modernisation and urban agendas of the Pahlavis. Drawing on archaeology, ancient, medieval, early and modern architectural history, both Islamic and secular, this book is indispensable for all those interested in Iranian studies and visual culture.
