Philosophie Dalain Badiou:

La Philosophie D'Alain Badiou Tarby,2005 **Infinite Thought** Alain Badiou,2005-05-01 Alain Badiou is already regarded as one of the most original and powerful voices in contemporary European thought Infinite Thought brings together a representative selection of the range of Alain Badiou's work illustrating the power and diversity of his thought **The Adventure of French Philosophy** Alain Badiou,2022-03-01 The Adventure of French Philosophy is essential reading for anyone interested in what Badiou calls the French moment in contemporary thought Badiou explores the exceptionally rich and varied world of French philosophy in a number of groundbreaking essays published here for the first time in English or in a revised translation Included are the often quoted review of Louis Althusser's canonical works For Marx and Reading Capital and the scathing critique of potato fascism in Gilles Deleuze and Félix Guattari's A Thousand Plateaus There are also talks on Michel Foucault and Jean Luc Nancy and reviews of the work of Jean François Lyotard and Barbara Cassin notable points of interest on an expansive tour of modern French thought Guided by a small set of fundamental questions concerning the nature of being the event the subject and truth Badiou pushes to an extreme the polemical force of his thinking Against the formless continuum of life he posits the need for radical discontinuity against the false modesty of finitude he pleads for the mathematical infinity of everyday situations against the various returns to Kant he argues for the persistence of the Hegelian dialectic and against the lure of ultraleftism his texts from the 1970s vindicate the role of Maoism as a driving force behind the communist Idea La philosophie et l'événement Alain Badiou,2010 **What Is Philosophy? a Lecture by Alain Badiou 2010** Alain Badiou,2015-08-17 Alain Badiou is a professor in philosophy at the Ecole Normale Supérieure the College International de Philosophie both in Paris and at the European Graduate School in Saas Fee Switzerland In addition to being a political militant a contributing member of Cahiers pour l'Analyse and one of the founders of L'Organisation Politique he is the author of a number of plays and novels and three seminal philosophical works Being and Event Logics of Worlds and Theory of the Subject In addition to two manifestos for philosophy he is also the author of numerous other philosophical works including Conditions Ethics Metapolitics Handbook of Inaesthetics The Meaning of Sarkozy The Rebirth of History Mathematics of the Transcendental Number and Numbers Plato's Republic and The Communist Hypothesis He is one of the major philosophers of our century Wittgenstein's Antiphilosophy Alain Badiou,2019-07-23 Alain Badiou takes on the standard bearer of the linguistic turn in modern philosophy and anatomizes the antiphilosophy of Ludwig Wittgenstein In the course of his interrogation of Wittgenstein's thinking Badiou refines his own definitions of the universal truths that govern his work Bruno Bosteels's introduction argues that a continuing dialogue with Wittgenstein is inescapable for contemporary philosophy *Esthétique et philosophie, Alain Badiou* Mehdi Belhaj Kacem,Alexandre Costanzo,2011

Badiou Ed Pluth, 2013-05-02 Alain Badiou is one of the leading philosophers in the world today His groundbreaking philosophy is based on a creative reading of set theory offering a new understanding of what it means to be human by promoting an intelligence of change Badiou's philosophical system makes our capacity for revolution and novelty central to who we are and develops an ethical position that aims to make us less anxious about this very capacity This book presents a comprehensive and engaging account of Badiou's philosophy including an in-depth discussion of The Theory of the Subject Being and Event and Logics of Worlds In a clear and careful analysis Ed Pluth considers exactly how Badiou's theoretical anti-humanism is linked up to what is for all intents and purposes a practical humanism Central to this is an account of Badiou's theory of the subject and his attempt to develop an ethic of truths The role of set theory Marxism and Lacanian psychoanalysis in Badiou's philosophy is also given close attention This book will be of interest to students and scholars of philosophy as well as to all those keen to develop a critical understanding of one of the most controversial and important thinkers of the twentieth century

Alain Badiou Jason Barker, 2002 Alain Badiou is rapidly emerging as one of the most radical and influential philosophers of our time Badiou opposes the contemporary reduction of philosophy to nothing but a matter of language and premature announcements of the end of philosophy and thus sets himself against both analytic and continental modes of philosophy Setting the traditional platonic concerns of philosophy truth and being against the modern sophists of postmodernism Badiou has articulated a powerful systematic philosophy with profound ethical and political consequences

Rhapsody For The Theatre Alain Badiou, 2013-12-17 For Alain Badiou theatre unlike cinema is the place for the staging of a truly emancipatory collective subject In this sense theatre is of all the arts the one strictly homologous to politics both theatre and politics depend on a limited set of texts or statements collectively enacted by a group of actors or militants which put a limit on the excessive power of the state This explains why the history of theatre has always been inseparable from a history of state repression and censorship This definitive collection includes not only Badiou's pamphlet Rhapsody for the Theatre but also essays on Jean Paul Sartre on the political destiny of contemporary theatre and on Badiou's own work as a playwright as author of the Ahmed Tetralogy

La Philosophie Et L'événement Alain Badiou, Fabien Tarby, 2010

La philosophie d'Alain Badiou Fabien Tarby, 2005-12-01 L'œuvre en devenir d'Alain Badiou est l'objet d'un intérêt grandissant en France aussi bien qu'en Europe et aux États Unis Badiou construit une science de l'être s'appuyant

sur les développements de la théorie mathématique des ensembles Mais il est aussi le penseur de ces virements qui font de l'homme un être capable d'une vie authentique et engagée Qu'apporte donc Badiou par rapport Deleuze ou Derrida Comment accomplir le projet de Heidegger tout en destituant son romantisme

Pocket Pantheon Alain Badiou, 2016-09-13 Pocket Pantheon is an invitation to engage with the greats of postwar Western thought such as Lacan Sartre and Foucault in the company of one of today's leading political and philosophical minds Alain Badiou draws on his encounters with this pantheon his teachers opponents and allies to offer unique insights into both the authors and their work These studies form an accessible authoritative distillation of continental theory and a capsule history of a period in Western thought

Ahmed the Philosopher Alain Badiou, 2014-04-29 English speaking readers might be surprised to learn that Alain Badiou writes fiction and plays along with his philosophical works and that they are just as important to understanding his larger intellectual project In Ahmed the Philosopher Badiou s most entertaining and accessible play translated into English here for the first time readers are introduced to Badiou s philosophy through a theatrical tour de force that has met with much success in France Ahmed the Philosopher presents its comic hero the treacherous servant Ahmed as a seductively trenchant philosopher even as it casts philosophy itself as a comic performance The comedy unfolds as a series of lessons with each short play or sketch illuminating a different Badiouian concept Yet Ahmed does more than illustrate philosophical abstractions he embodies and vivifies the theatrical and performative aspects of philosophy mobilizing a comic energy that exposes the emptiness and pomp of the world Through his example the audience is moved to a living engagement with philosophy discovering in it the power to break through the limits of everyday life

Abrégé de métapolitique Alain Badiou, 2014-02-25T00:00:00+01:00

Une exigence fondamentale de la pensée contemporaine est de finir avec la philosophie politique. Qu'est-ce que la philosophie politique ? Son opération centrale est de ramener la politique à l'exercice du libre jugement et de la discussion dans un espace public où ne comptent en définitive que les opinions. On sait que bien avant d'être arendtien ou kantien, le thème de l'opposition irréductible de la vérité et de l'opinion est platonicien. Ce qui, en revanche, n'est pas platonicien est l'idée que la politique serait ainsi éternellement vouée à l'opinion éternellement disjointe de toute vérité. Sauf pour qui pense que le commentaire de bistrot ou la conversation entre amis constitue l'essence même de la vie politique, il est en effet clair que le conflit des opinions n'est politique qu'autant qu'il se cristallise dans une décision. La question d'une possible vérité politique doit alors être examinée non du seul point de la discussion, mais dans le processus complexe qui noue la discussion à la décision.
